

EndNote 2025

Funzionalità Avanzate

DANIELA CASON | OTTOBRE 2025

Riepilogo - ESSENTIALS Obiettivi di apprendimento

Introduzione ad EndNote 2025 - navigazione e componenti

1 - Creazione e gestione della Library e delle Referenze

- a - Creare la tua Library: il Database delle Referenze
- b - Popolarla via Direct Export, Import o creazione di singole Referenze
- c - Novità 2025 per le Referenze: il Research Assistant = Intelligenza artificiale nel documento, l'integrazione con Web of Science

2 - Organizzazione ed arricchimento delle Referenze

- a - Organizzare le Referenze in Gruppi
- b - Integrare le Referenze con il Full Text

3 - Creare bibliografie, con Ms Word o Google Docs

- a - Creare e formattare una bibliografia per il tuo articolo
- b - Gestire gli stili citazionali

EndNote 2025 ADVANCED Obiettivi apprendimento

1 - Conservare e condividere la tua library

a - Opzioni di Safety per la tua Library:

backup: copia o compressione,
sincronizzazione con EndNote Online

b - Condividere una Library o un Gruppo

2 - Manutenzione delle referenze della tua Library

a - Identificare e rimuovere i duplicate nella Library

b - Identificare articoli ritirati nella library usando Retraction Watch

c - Usare le funzionalità di editing collettivo

EndNote 2025 ADVANCED Obiettivi apprendimento

3 - Funzionalità Avanzate di Cite While You Write (CWYW)

- a - Personalizzare uno stile citazionale
- b - Aggiungere le citazioni nelle note pagina
- c - Nuovo con 2025: Trova una rivista in CWYW, Citare da un PDF

Appendice:

- a - Importare referenze con la Online search
- b - Cercare all'interno della intera Library o in singoli gruppi o group sets
- c - Usare altri livelli di classificazione per le referenze
- d - Usare le Terms Lists per armonizzare i nomi per tutte le referenze
- e - Attivare ed usare EndNote Click per trovare il pdf degli articoli

1 – Conserva e condividi la tua libreria

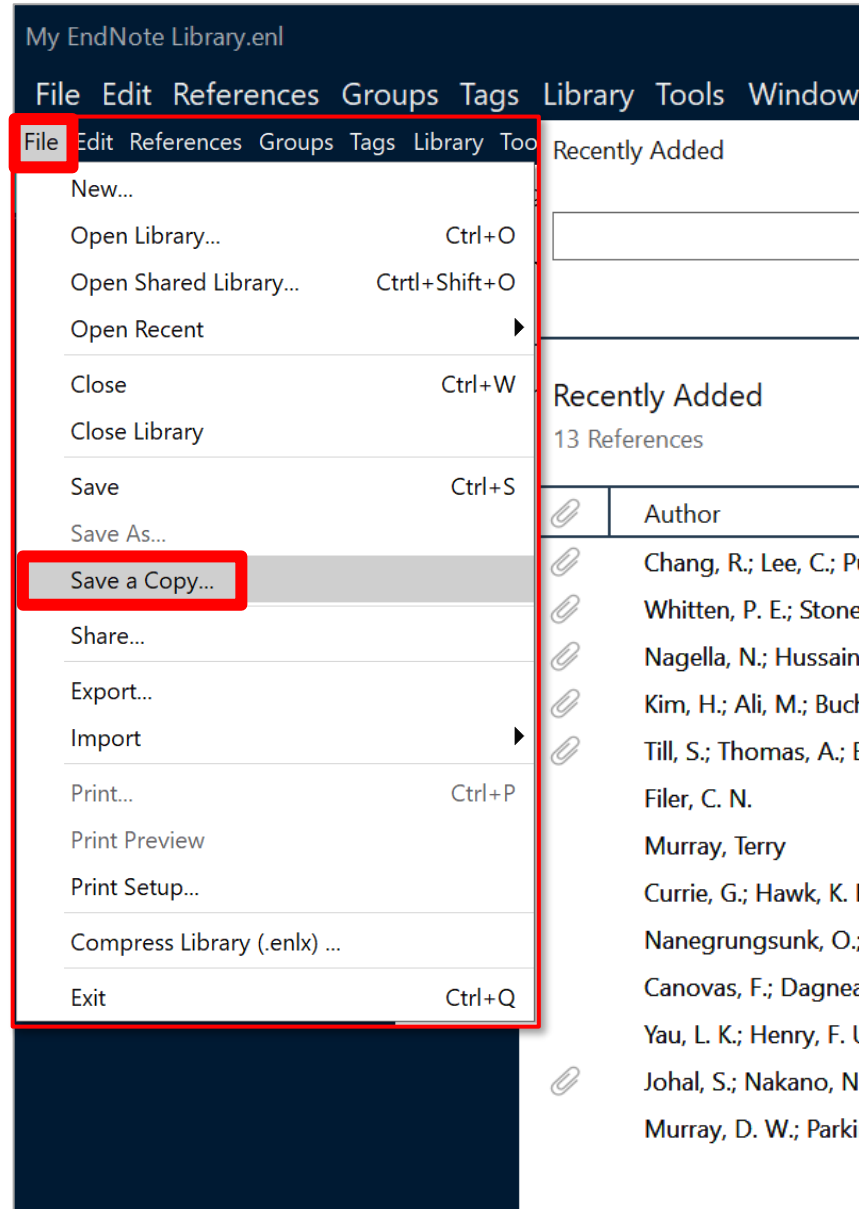

Obiettivi della sessione

- Crea backup per conservare e ripristinare la libreria di EndNote
- Sincronizzare la libreria con EndNote Online
- Condividi la tua libreria o singoli gruppi

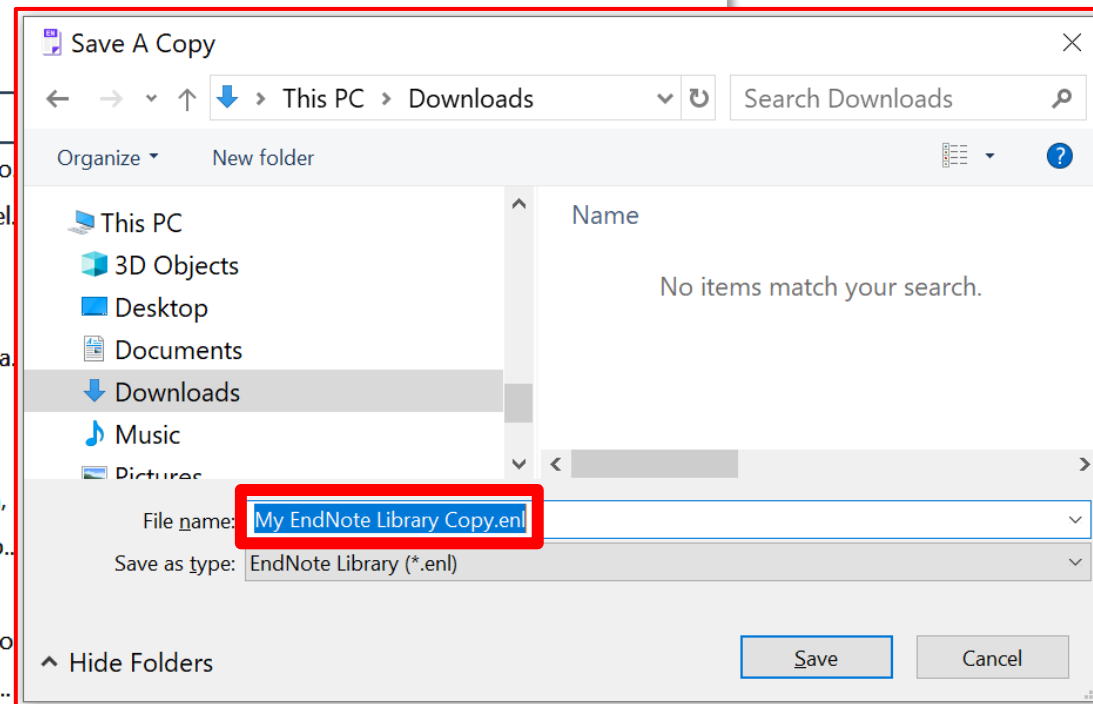

Metodi per conservare la copia di una libreria EndNote per backup

Copiare la libreria di EndNote

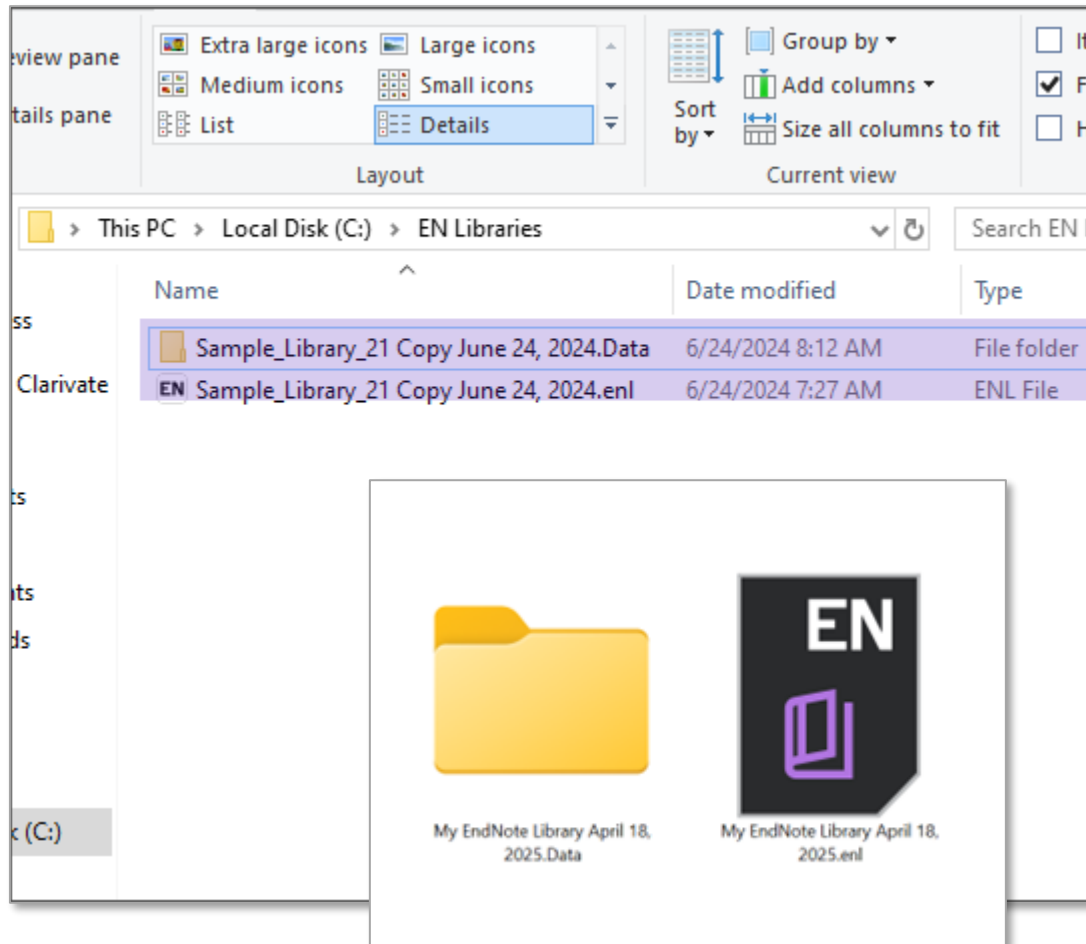

Il modo più semplice per eseguire il backup della libreria è **creare una copia**.

Nella libreria che si vuole copiare, vai al menu **File** e seleziona **Save a Copy...** che si riferisce alla Libreria presente e ti chiederà di salvarla con un nome con l'elemento 'copy'. Sia il file .enl che la cartella Data saranno copiati, col nuovo nome.

La copia della libreria

La libreria risultante creata tramite 'Save A Copy' include un nuovo file **enl** e la cartella **Data** associata per questa nuova copia di backup della libreria di EndNote.

Questa nuova copia è una replica esatta della tua libreria, e può essere archiviata o condivisa, indipendentemente dalla libreria originale

Libreria EndNote compressa

Un altro modo per eseguire il backup della tua libreria è quello di **Compress (comprimere) la Library**.

Nella Libreria corrente, vai al menu **File** e seleziona **Compress Library (.enlx)**... che si riferisce alla libreria presente e ti chiederà di salvarla con l'estensione **.enlx**. Questo creerà un singolo file **.enlx** con lo stesso nome della libreria.

The screenshot illustrates the process of compressing an EndNote library. It shows the 'File' menu with 'Compress Library (.enlx) ...' highlighted. The 'Compress Library (.enlx)' dialog box is open, showing options to 'Create' or 'With File Attachments', and to compress 'All References in Library' or 'Selected Reference(s)'. The 'Save Compressed Library (.enlx)' dialog box is also open, showing the file name 'My EndNote Library.enlx' and the save location 'Downloads'.

File Menu:

- File
- Edit
- References
- Groups
- Tags
- Library
- Tools
- Window
- Help

Compress Library (.enlx) Dialog:

- ☒ Create
- ☐ Create & E-mail
- ☒ With File Attachments
- ☐ Without File Attachments
- ☒ All References in Library: My EndNote Library.enl
- ☐ Selected Reference(s)
- ☐ All References in Group/Group Set: My Groups
- Next
- Cancel

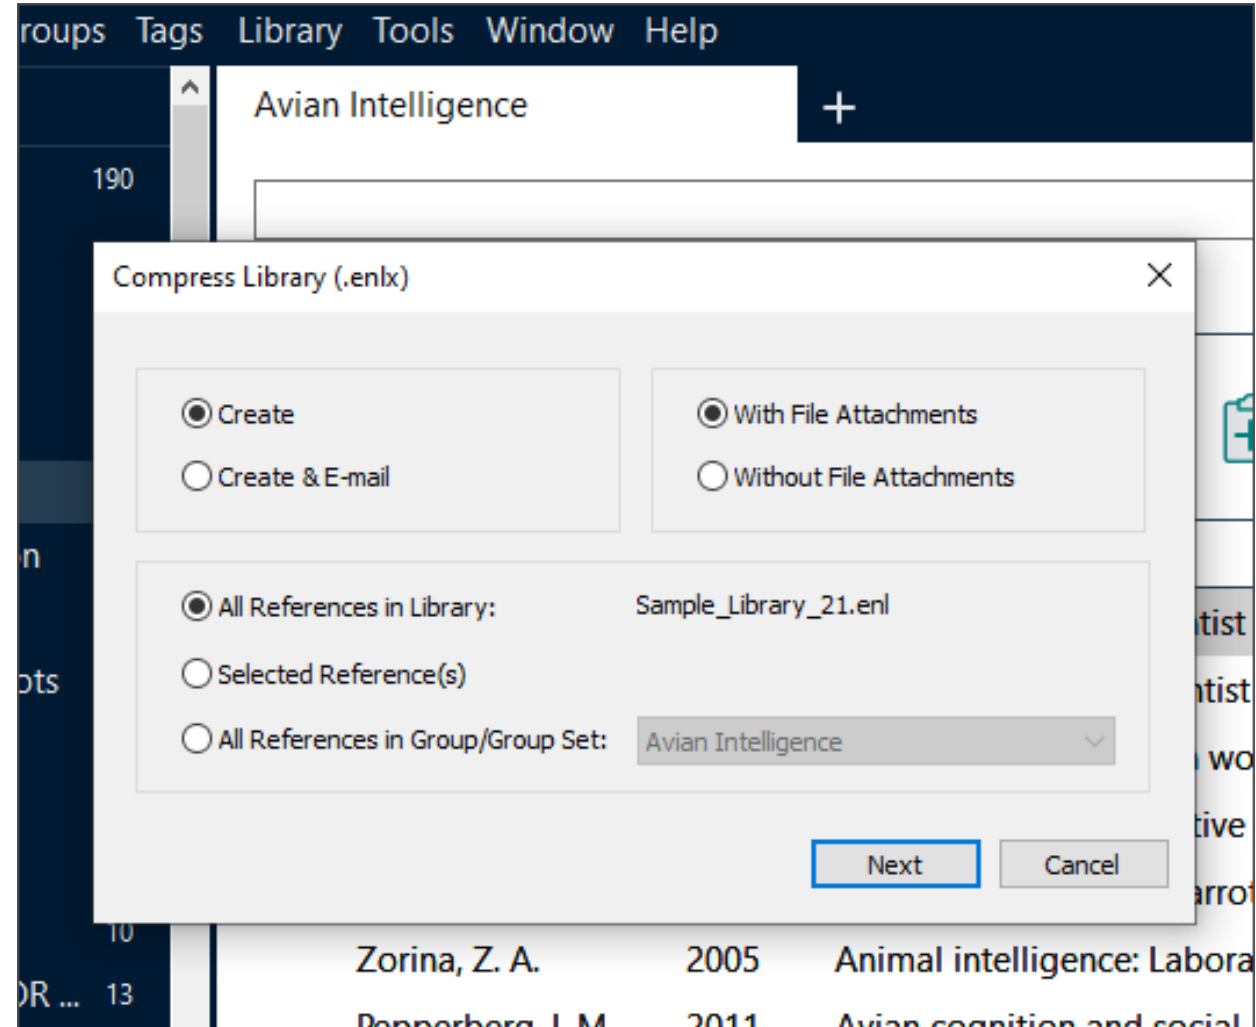

Save Compressed Library (.enlx) Dialog:

- File name: My EndNote Library.enlx
- Save as type: EndNote Compressed Library (*.enlx)
- Save
- Cancel

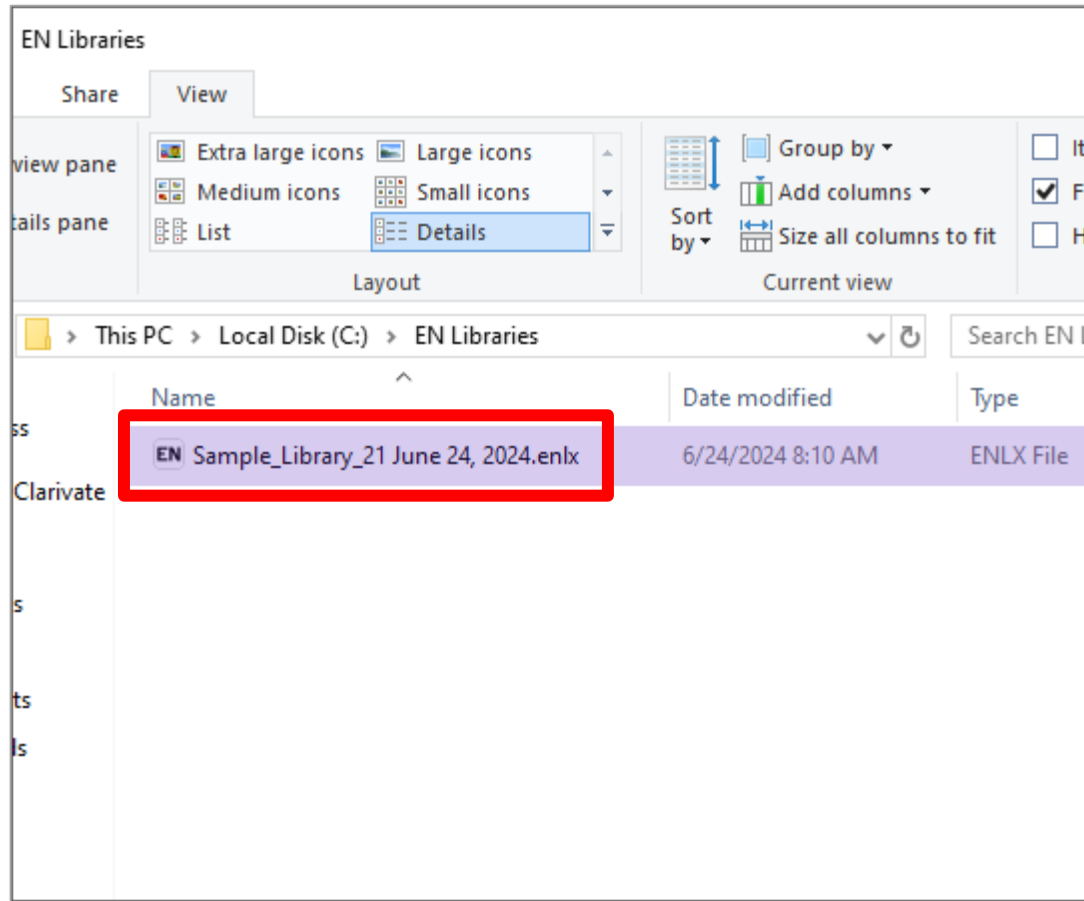

Configurazione delle impostazioni di Compress Library

Salva una copia completa per backup o una sezione della tua library per condivisione offline:

- Conserva i settaggi di default della finestra Compress Library per includere tutti i contenuti della library per backup
[O]
- Scegliere tra **Create** e **Create & E-mail** per condivisione
- Scegliere tra **With File Attachments** o **Without File Attachments** per condivisione
- Scegliere tra **All References in Library**, **Selected Reference(s)**, o **All References in Group Set**
- Clicca su **Next** per andare allo schermo di Salvataggio della Compressed Library (.enlx)

Il file enlx risultante

Una libreria EndNote compressa comprende un singolo file con una estensione **enlx, che contiene sia il file enl che la cartella Data associata**

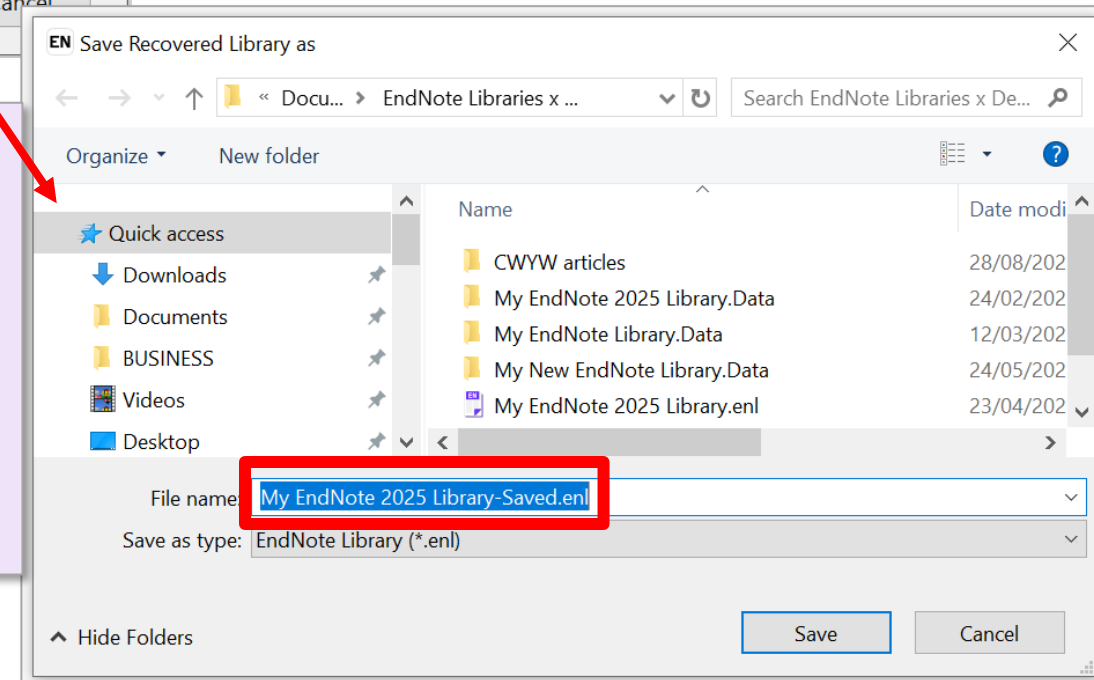

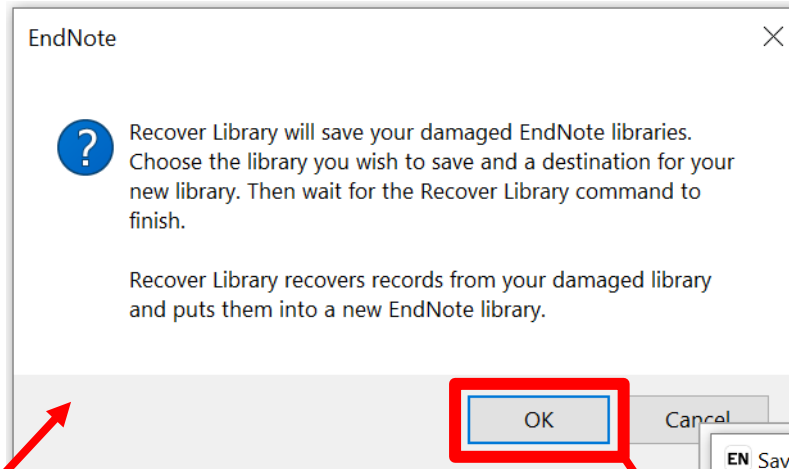

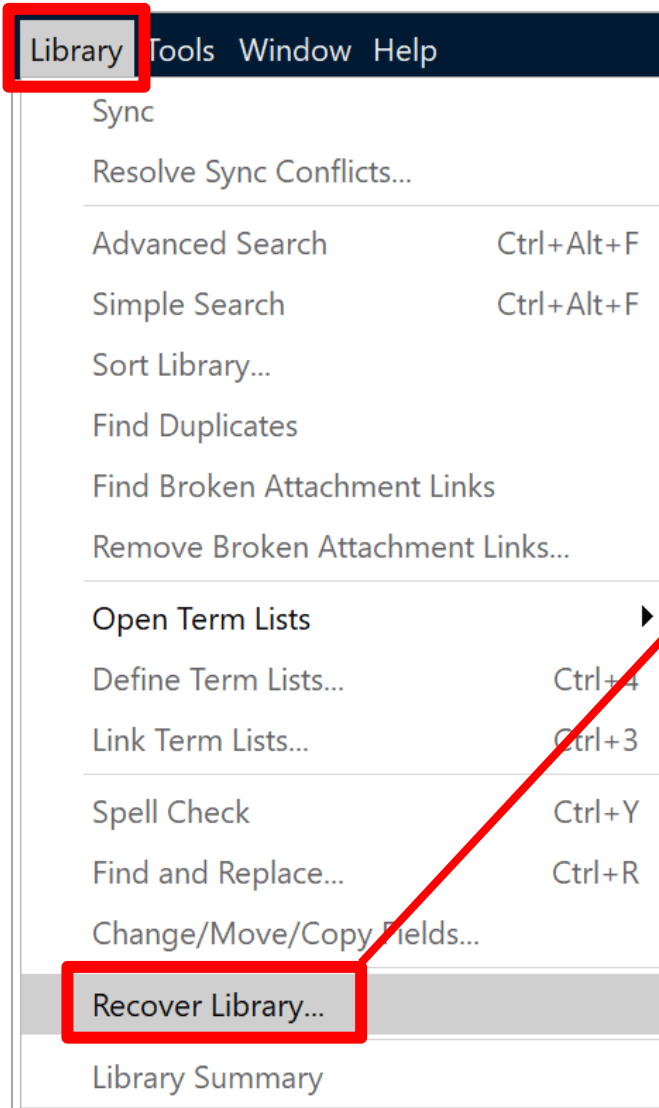

Questo file funge da versione compatta della libreria, che include tutti i riferimenti e gli allegati, semplificando il backup o la condivisione

Recupero della libreria

Se una libreria si **danneggia**, potresti ricevere un messaggio di errore quando provi ad aprirla o a lavorare con i riferimenti.

Se non hai una copia di backup di una libreria EndNote danneggiata, puoi usare il comando **Recover library** per riparare il file danneggiato.

1. Close the damaged library.
2. From the **Library** menu, select **Recover Library**. In the information panel click **OK**.
3. In the dialog that appears, locate and select the library that needs to be repaired, and click **Open**.
4. EndNote creates a copy of the library with the suffix "**-Saved**" added to the name.

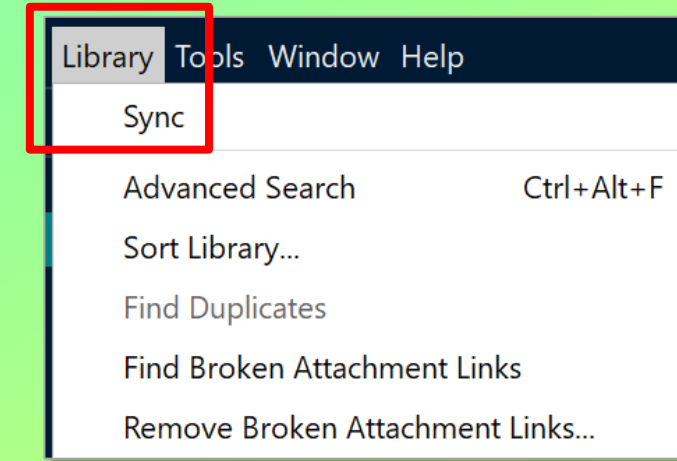

Sincronizzare una libreria di EndNote con l'account Web di EndNote e altri dispositivi

Opzioni di sincronizzazione

1. Sincronizzare una libreria di EndNote con l'account Web di EndNote e altri dispositivi
2. Gestisci l'accesso e le autorizzazioni dei membri del team per la condivisione della libreria (fino a 1,000 utenti)
3. Monitorare le modifiche in una libreria condivisa utilizzando il feed attività

La funzione di sincronizzazione

- La licenza desktop di EndNote ti dà diritto a un abbonamento gratuito di 2 anni a EndNote online– la versione Web-based di EndNote.
- La funzione Sincronizza (Sync) consente di sincronizzare i riferimenti (inclusi allegati di file e figure) in una libreria desktop di EndNote con i riferimenti nella libreria online di EndNote.
- Per avviare il processo di sincronizzazione, è necessario registrarsi e disporre di un account EndNote attivo.
- **È possibile creare più librerie in EndNote, ma è possibile designare una sola libreria alla volta come libreria di sincronizzazione**

- La funzione di sincronizzazione fornisce un **backup online** di tutti i riferimenti e gli allegati per la libreria corrente, oltre a fornire l'accesso ai riferimenti da qualsiasi luogo tramite EndNote online
- È possibile fare in modo che EndNote avvii automaticamente il processo di sincronizzazione ogni 15 minuti (opera in background) selezionando la casella di controllo Sincronizza automaticamente nelle Preferenze di sincronizzazione

Sincronizzazione della libreria con EndNote Online

Accesso alla libreria Web di EndNote

Accedi alla tua libreria EndNote sincronizzata da qualsiasi dispositivo con una connessione Internet e un browser web:

- **Vai a web.endnote.com sul tuo browser web e accedi con le credenziali del tuo account EndNote Web**
- **Visualizza o modifica i riferimenti, gli allegati e i gruppi oppure aggiungi nuovi elementi alla tua libreria da qualsiasi luogo**

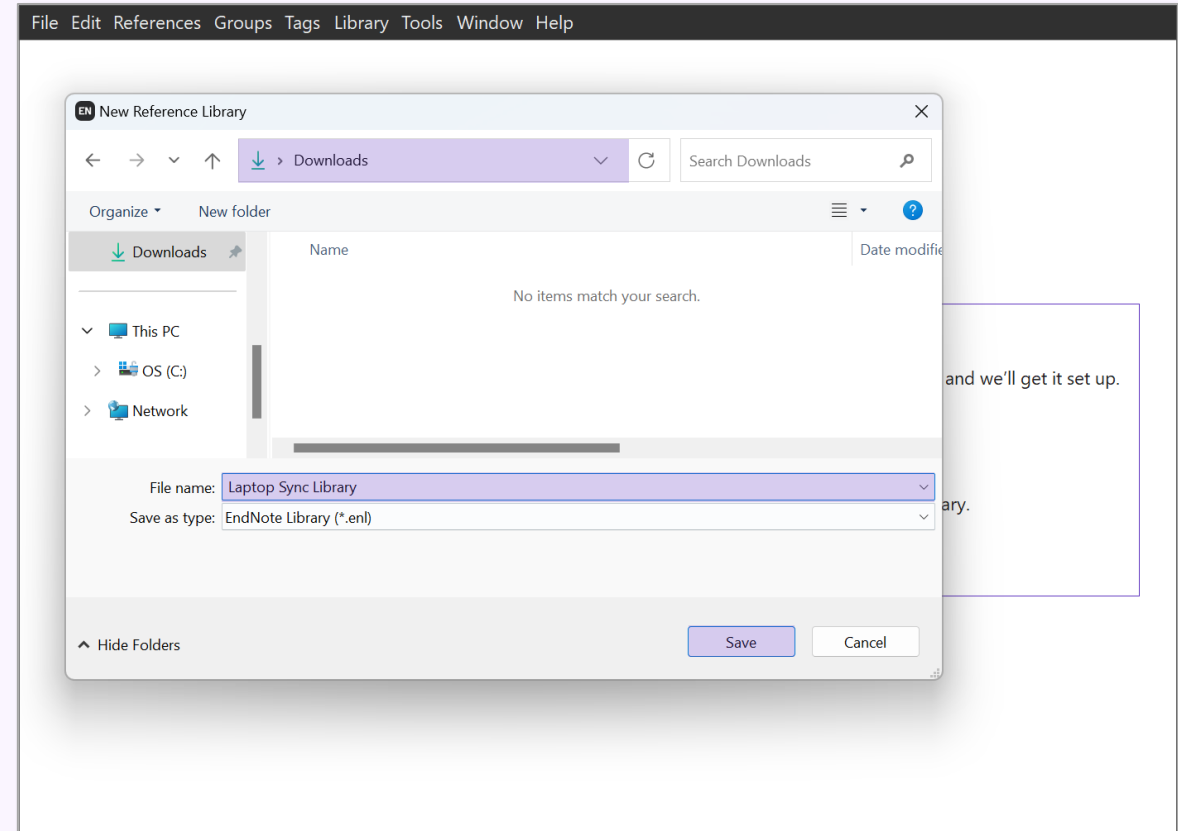

The screenshot displays the EndNote Web interface in a web browser. The address bar shows the URL web.endnote.com/groups/all-references/references/all. The interface includes a search bar at the top with the placeholder text "Search all fields". On the left, a sidebar menu lists "MY LIBRARY" with sub-items: "All references" (88), "Trash" (0), "Unfiled" (34), "MY GROUPS" (expanded, showing "PDF Examples" (12), "Research Project" (22), "Web Refs" (25)), "MY TAGS" (expanded, showing "Create new tag"), "Help Center", "Terms of Use", and "Privacy Policy". The main area displays a table titled "All references" with columns: "Last Updated", "Authors", "Year", "Title", and "Journal/". The table lists several references, including "Effects of a 6-Week Treadmill T...", "Effects of Virtual Reality Interv...", "The Effectiveness of Virtual Re...", "Commentary: Response to 'Ri...", "IL-23 blockade in a patient wit...", "Response to CaO et al., 'Com...", "Difficult to Treat Psoriatic Arth...", "Increased serum interleukin-3...", "Water conflict analysis in the B...", "Combat sports in virtual realit...", and "The cognitive neuroscience of ...".

Sincronizzazione su un altro computer

Una licenza EndNote 2025 per utente singolo consente fino a tre installazioni per uso personale:

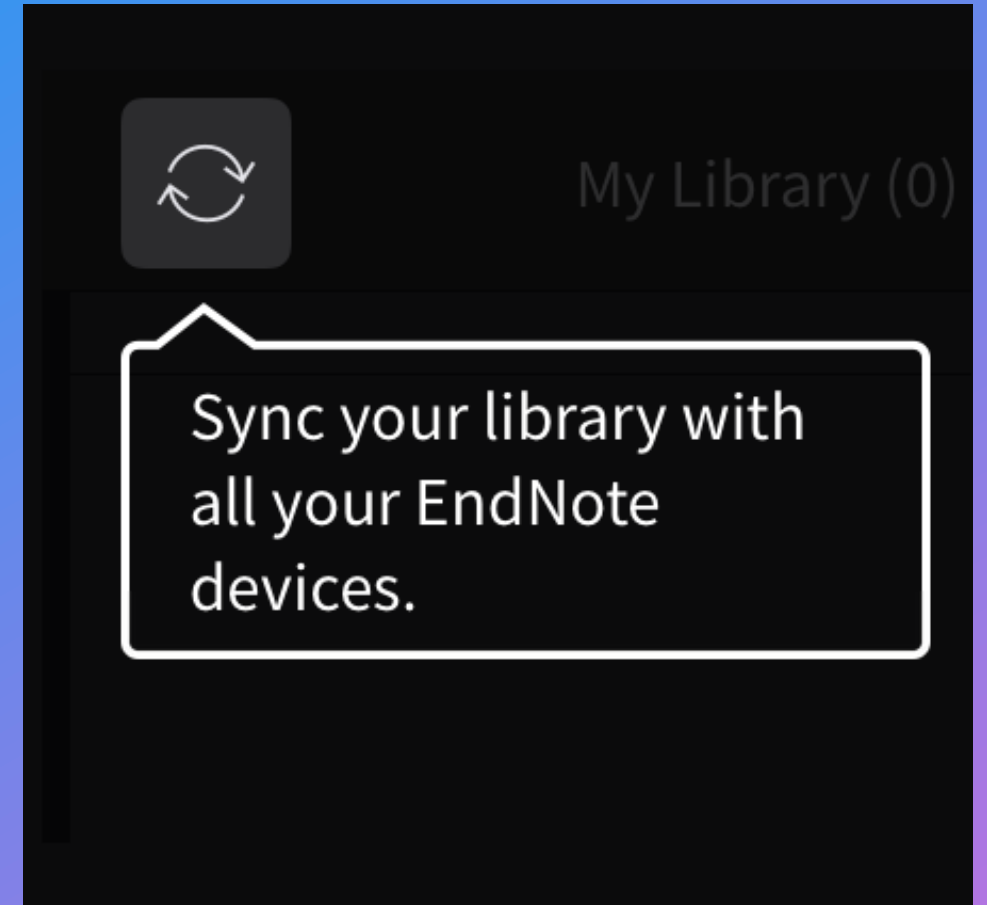

- Dopo aver configurato Sync sul dispositivo principale, installa EndNote 2025 su un altro computer utilizzando lo stesso codice Product Key
- Scegli Nuovo... dal menu File per creare una nuova libreria per la sincronizzazione
- Con la nuova libreria aperta, seleziona Sincronizza dal menu Libreria e accedi con il tuo account EndNote Web

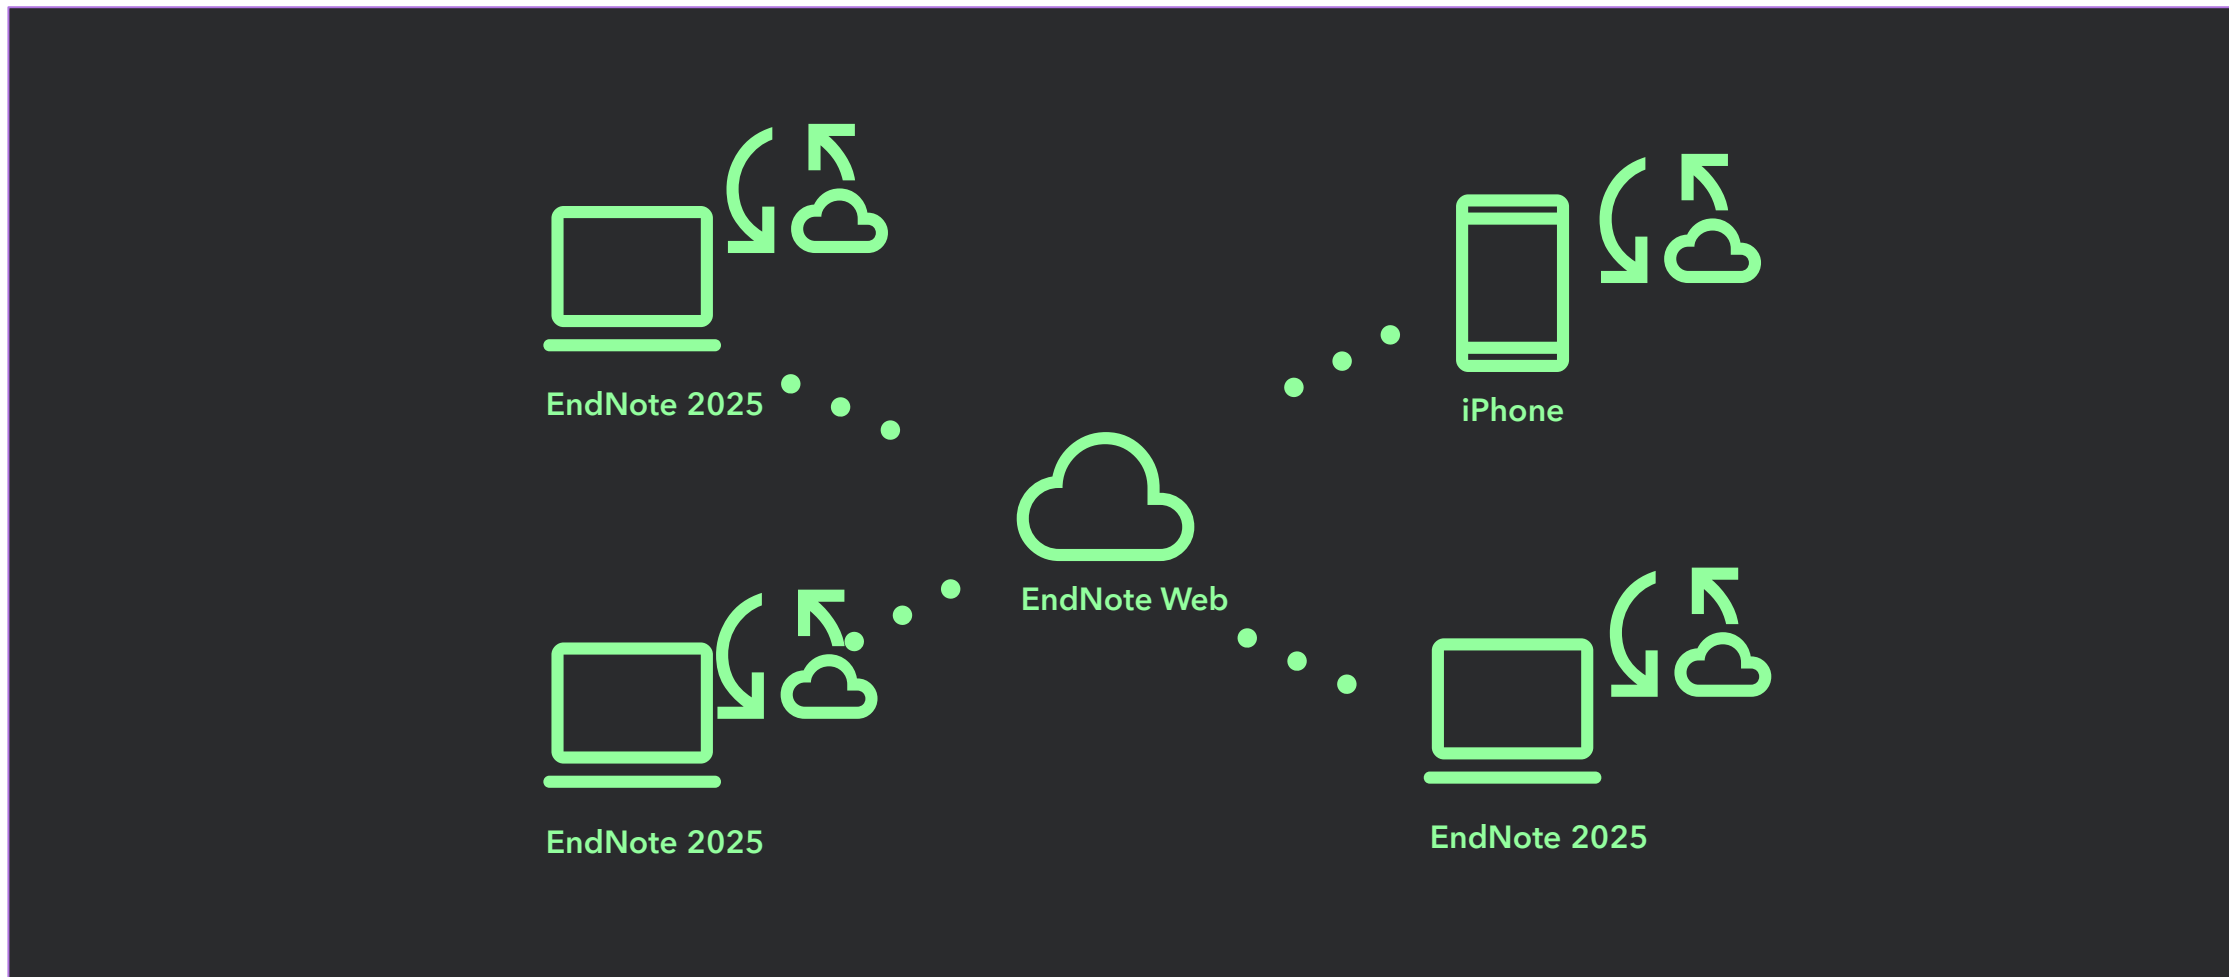

In movimento

EndNote è disponibile sia per iPad che per iPhone:

- Scarica EndNote dall'App Store di Apple e apri l'app
- Accedi con l'account Web di EndNote
- Tocca il pulsante Sincronizza per accedere ai tuoi riferimenti, gruppi e file allegati sempre e ovunque

Visualizzare la sincronizzazione di EndNote

Condividere una libreria o un gruppo di EndNote con altri utenti di EndNote

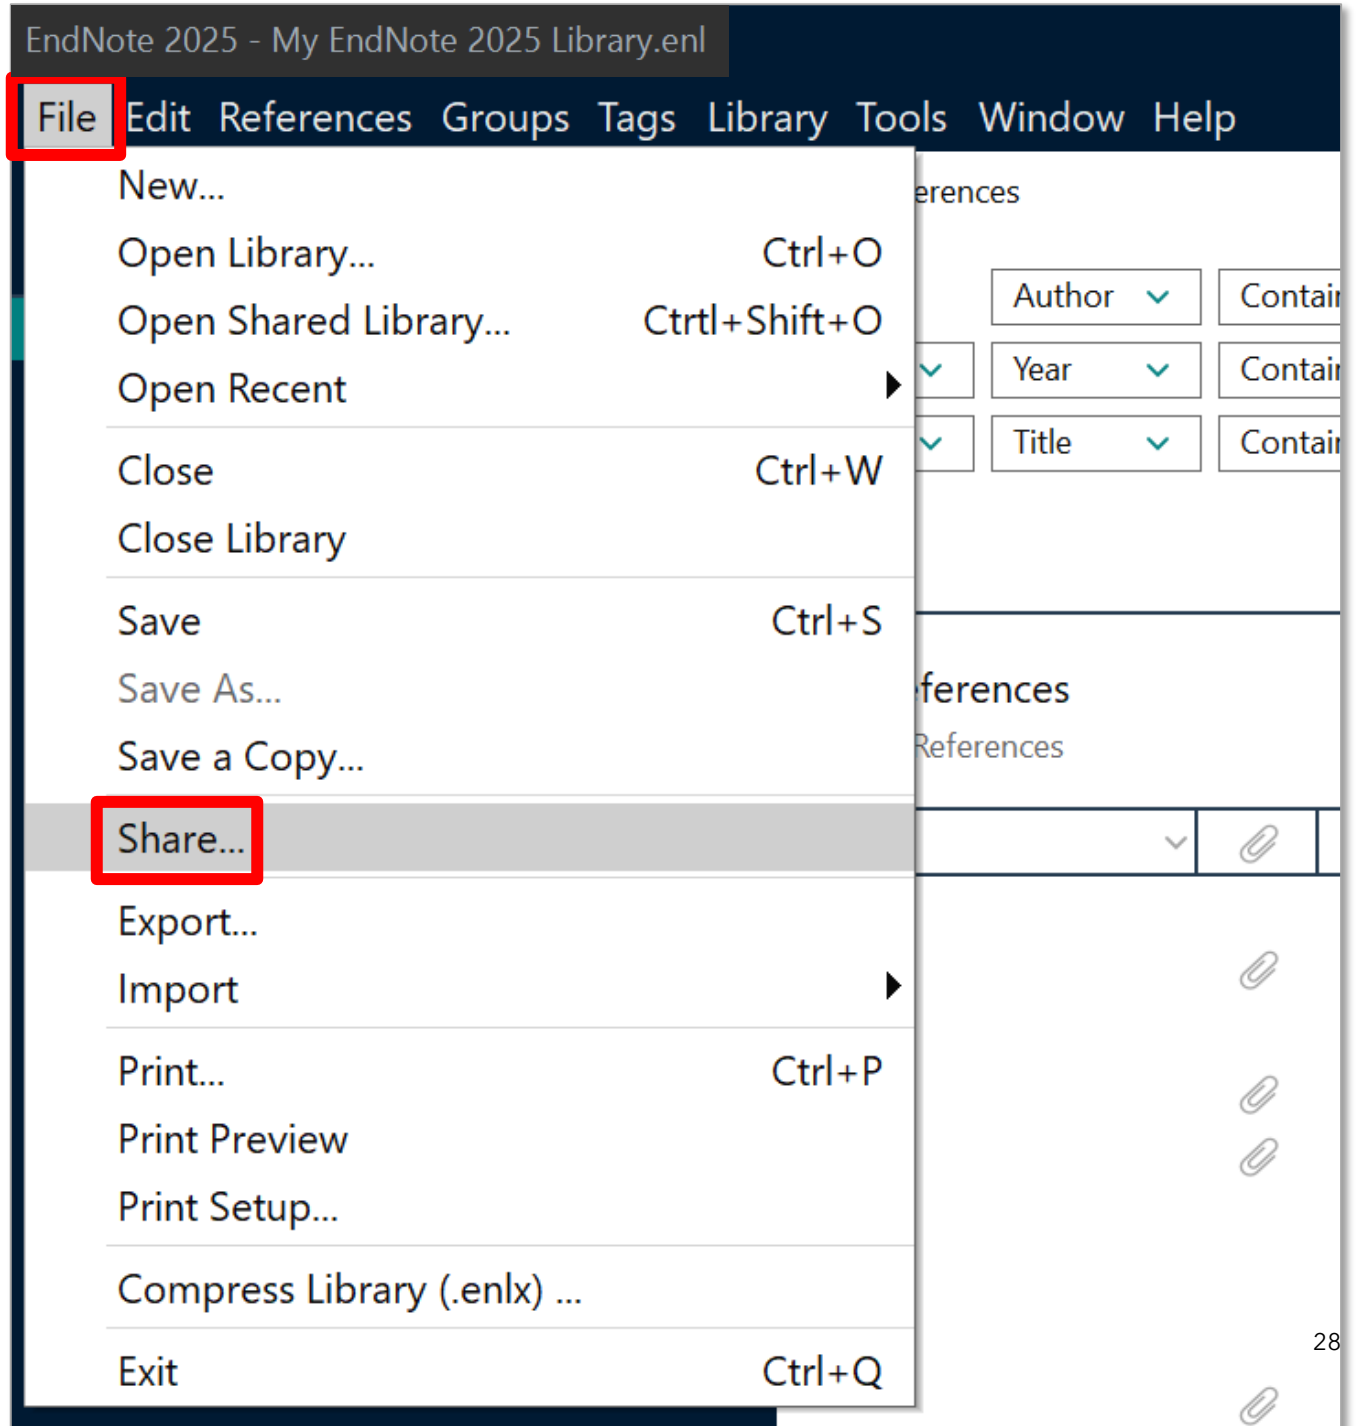

Condivisione delle librerie

- EndNote 2025 offre agli utenti la possibilità di **condividere** l'intera libreria di sincronizzazione con un massimo di altri **1000** utenti.
- La condivisione della libreria fornisce a interi team l'accesso immediato e in tempo reale a un'intera libreria di EndNote, ovvero lo stesso insieme di riferimenti, allegati, note e annotazioni.
- **Le modifiche vengono inviate e ricevute tramite sincronizzazione**, quindi tutti i membri della libreria condivisa devono avere il desktop attivato con le preferenze di sincronizzazione completate ed essere connessi a Internet per poter inviare e ricevere le modifiche.
- La condivisione della libreria è consigliata come alternativa al salvataggio di una libreria su un Drive condiviso o all'invio di una copia compressa tramite e-mail a un gruppo di collaboratori.

Condivisione della libreria

EndNote 2025 ti consente di condividere la tua libreria Sync con un massimo di 1.000 membri del team:

- Assicurati che la libreria di sincronizzazione designata sia aperta in EndNote 2025
- nella Libreria che desideri condividere:
- fai clic sul menu File e seleziona Condividi... per iniziare a configurare le opzioni di condivisione

Invitare i membri del team a condividere la tua libreria

Nel pannello "Condivisione" che si apre, invita i membri del team alla tua libreria condivisa per collaborare:

- In the **Invite More People** field enter the email address(es) of the people you wish to share the Library with
- In the **Permission** option select either *Read & Write* or *Read Only*
- Add a message in the space below, if needed
- Click on the **Invite** button

Invitation to share an EndNote library

noreply@endnote.com

To Daniela Cason

This sender noreply@endnote.com is from outside your organization.

The recipient of the share invite gets a notification email, with the option to **Accept the Invitation**.

Clarivate | EndNote

Daniela Cason (daniela.cason@clarivate.com) would like to share an EndNote library with you.

Accept the invitation

To accept this invitation and access Daniela Cason's library, you must have EndNote X7.2 or later installed, and we strongly recommend using EndNote 21 for the best experience.

Once you've accepted this invitation, you will be able to access all of the references, PDFs, file attachments, and notes in this shared library from your EndNote desktop application.

Don't have EndNote for your desktop yet? [Get the latest version now to access shared libraries and much more.](#)

[Learn more about sharing your research using EndNote.](#)

If you do not wish to accept this invitation, please notify Daniela Cason daniela.cason@clarivate.com directly.

Tutte le attività dei membri della Libreria condivisa disponibili per la revisione includono:

- Aggiunta, modifica, spostamento o ripristino dal Cestino e svuotamento del Cestino
- Gli oggetti di libreria includono riferimenti, allegati, figure, gruppi e gruppi
- Nuovo membro che si iscrive alla biblioteca accettando l'invito
- Quando un utente esegue un'azione più di una volta, EndNote consolida tale attività in un'unica riga.
- EndNote elenca questi elementi singolarmente in modo che gli utenti possano selezionare la riga di attività e passare al gruppo o al gruppo impostato per visualizzarne il contenuto

Visualizzare le modifiche correlate alla libreria tramite il feed attività

Selezionando le righe di attività nere vengono visualizzate le seguenti informazioni di modifica correlate:

- Facendo clic su una linea di attività nera, il feed attività viene temporaneamente nascosto e si torna alla finestra principale della libreria condivisa
- Un nuovo gruppo temporaneo chiamato Feed attività viene visualizzato nel pannello Gruppi della libreria sotto il gruppo Tutti i riferimenti
- Esaminare gli elementi di questo gruppo di feed attività per confermare le modifiche apportate alla libreria condivisa da questo membro del team di condivisione della libreria

2 - Gestire i riferimenti alla libreria

Obiettivi della sessione

- Rileva e rimuovi i riferimenti duplicati
- Identifica gli articoli ritirati nella tua libreria usando l'integrazione di Retraction Watch
- Usare gli strumenti di integrazione con Web of Science
- Applicare le opzioni di modifica globale ai riferimenti

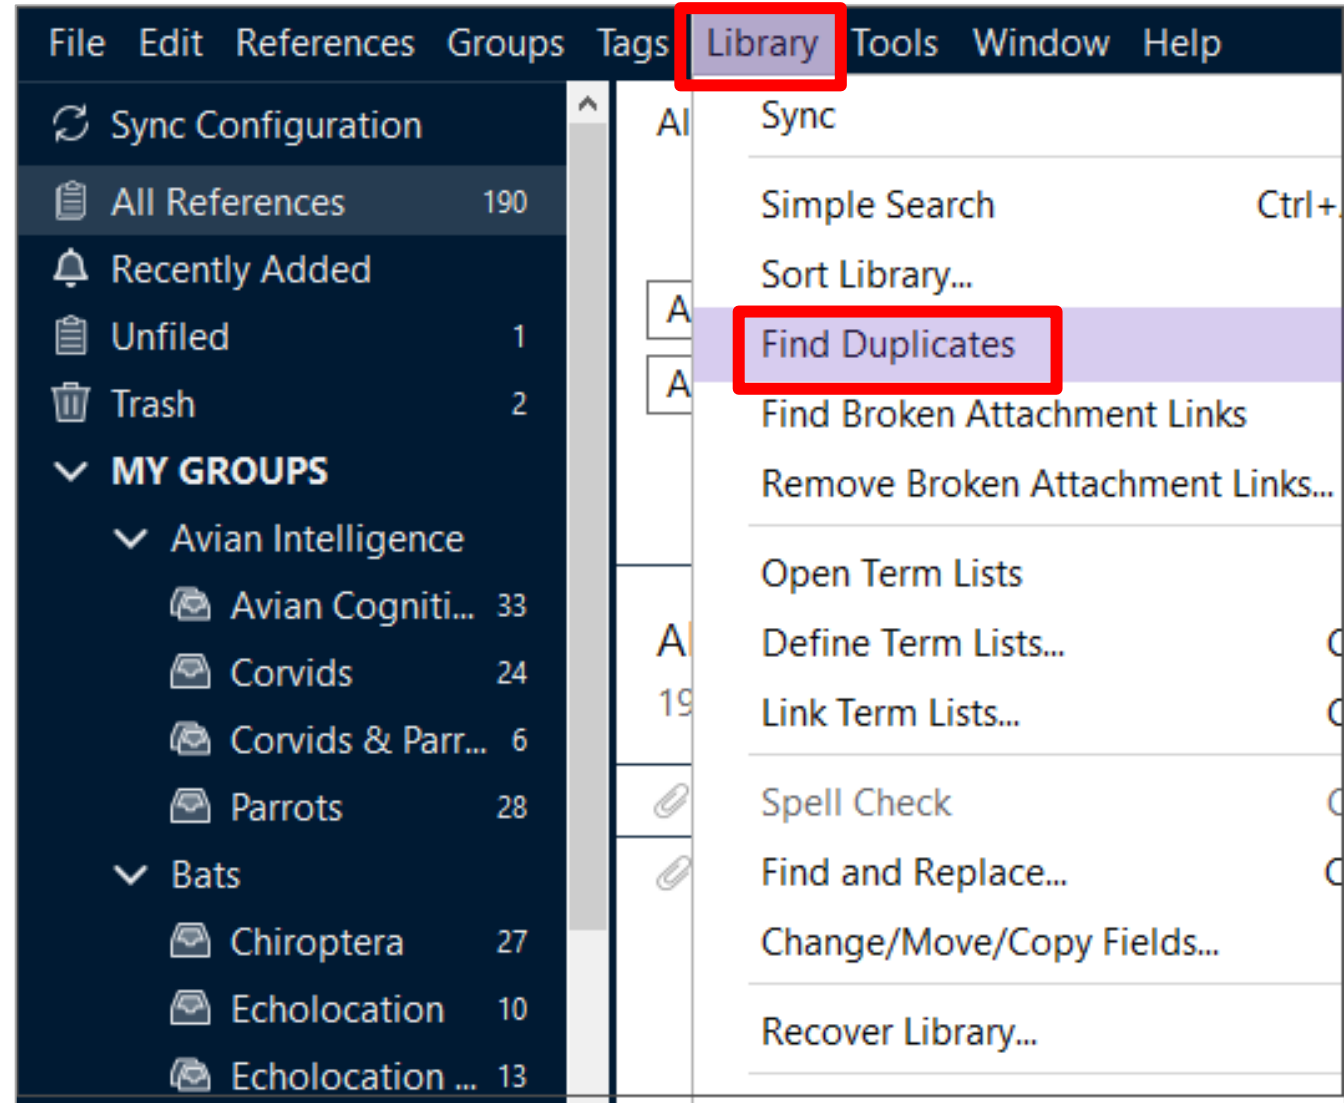

Identificare ed eliminare i riferimenti duplicati da una libreria EndNote

Avvio della ricerca Trova duplicati

Identify duplicate references from your EndNote library:

- click the **Library** drop-down to select **Find Duplicates** to begin checking for extra entries in the group
- Duplicate detection runs on the currently viewed group or the entire library

You can perform Duplicate searches in Group Sets, Groups and All References

Defining Primary Reference to instruct EndNote which item to keep

Duplicate searching flexibility:

- Press the **Primary Reference:** drop-down to view all available options
- Click **Most Complete** to instruct EndNote to retain the entry with the most metadata, whether it's the first entry or a subsequent addition
- Choose **Newest** to retain the most recent items in your library
- Select **Oldest** to retain the original versions of each instance of duplicate references
- Press the **Keep All Primary References** button to proceed with the Find Duplicates search in a global manner

selected will be moved to the Trash. Select Skip to go to the next set of duplicates.

Last Updated: 9/17/2020

Confronto di riferimenti duplicati

EndNote 2025 searches for duplicate references and displays them one set at a time with the primary one:

- Your designated **primary reference** always appears on the left of the side-by-side Find Duplicates window
- Fields that look different are highlighted in grey
- Click **Keep This Reference** above the desired entry to save that reference and move the other to the Trash
- EndNote 2025 continues to the next duplicate set until done or **Cancel** is pressed during the Find Duplicates search

The screenshot displays the 'Find Duplicates' window in EndNote 2025. At the top, a red box highlights the 'EN Find Duplicates' button. Below it, a message states: 'Comparing 1 and 2 of 2 duplicates. Select the reference to keep. The reference not selected will be moved to the Trash. Select Skip to go to the next set of duplicates.' A 'Primary Reference:' dropdown is set to 'Newest'. Two 'Keep This Reference' buttons are shown, one for each reference, with the right one highlighted by a red box.

Ignorare un riferimento o l'intero processo di confronto affiancato

Additional options for progressing through the Find Duplicates search are available:

- Click **Skip** to leave both references in the library intact and unchanged. They will appear in a temporary **Duplicate References** group so you can review them later
- Press **Cancel** to bypass this side-by-side comparison process entirely. This will proceed to identify all the duplicates in one go.

The screenshot shows a side-by-side comparison of two references. The interface includes a header with a 'Skip' button (highlighted with a red box) and a 'Cancel' button. Below the header, there is a section for 'Primary Reference' with a dropdown menu set to 'Newest' and a button 'Keep All Primary References'. A 'Keep This Reference' button is also visible. The main area displays the details of a reference titled 'Piagetian Liquid Overconservation in Grey Parrots (Psittacus erithacus)' by Cornero, F. M., Hartsfield, L. A., and Pepperberg, I. M., published in 2020 in the 'Journal of Comparative Psychology'. The reference is tagged with 'Parrots'. The bottom of the interface shows the date 'Last Updated: 9/17/2020' and 'Added to Library: 9/17/2020'.

Utilizzo del gruppo Riferimenti duplicati

Choosing to Cancel or Skip any duplicate entries will result in EndNote 25 displaying a temporary Duplicate References group:

- If you ignore the **Duplicate References** group, as you don't need to make any additional changes, EndNote won't show this group again once you reopen your library
- Alternatively, view the references listed within the **Duplicate References** group to compare these items visually
- Press **command** (macOS) or **Ctrl** (Windows) on your keyboard while clicking on items in this group to toggle its highlighted status
- **Right-click** over the **Duplicate References** group and select **Move References to Trash** on the contextual menu to send the highlighted items to the Trash group

The screenshot shows the EndNote 25 interface. On the left, the 'Library' pane lists groups: 'Sync Configuration', 'All References' (192), 'Duplicate References' (12), 'Recent', 'Unclassified', 'Trash', 'My', and 'Bats'. The 'Duplicate References' group is highlighted with a red box. A right-click contextual menu is open over it, with 'Move References to Trash' (Ctrl+D) highlighted by a red box. The main pane shows the 'Duplicate References' group with 12 references. Below the group name is a table with columns: Author, Year, and Title. The table lists several references, including 'Cornero, F. M.; H...' (2020) and 'Pepperberg, I. M.' (1999, 2004, 2006).

Author	Year	Title
Cornero, F. M.; H...	2020	Piag
Cornero, F. M.; H...	2020	Piag
Pepperberg, I. M.	1999	Reth
Pepperberg, I. M.	1999	Reth
Pepperberg, I. M.	2004	Cog
Pepperberg, I. M.	2004	Cog
Pepperberg, I. M.	2006	Cog

Permanently delete all references in the Trash

Restore the selected references to your library

Scelta dei campi di confronto

Trova duplicati

You can select the criteria that determine which references are kept by default. Up to 17 different fields can be configured from the EndNote library when comparing references and determining duplicate items:

- Select **Preferences** from the **Edit** menu
- In the EndNote Preferences panel, select the **Duplicates** tab on the left to view all the Find Duplicates configuration options
- Set the Criteria in EndNote to compare fields for **Exact match** or **Ignore spacing and punctuation** for a lenient search
- Choose **Most complete**, **Newest**, or **Oldest** to designate your primary reference criteria

The screenshot shows the 'EndNote Preferences' dialog box with the 'Duplicates' tab selected in the left sidebar. The main area is titled 'Compare references based on the following fields:'. It contains a list of fields with checkboxes: Author, Year, Title, Secondary Title (Journal), Volume, Issue, Pages, Section, DOI, Custom 2 (PMCID), Publisher, Place Published, Tertiary Title, Short Title, Subsidiary Author, Reference Type, and Label. Below this list are two sections: 'Criteria' and 'Primary reference criteria'. The 'Criteria' section has two radio buttons: 'Exact Match' and 'Ignore spacing and punctuation'. The 'Primary reference criteria' section has three radio buttons: 'Most complete', 'Newest', and 'Oldest'. Red rectangles highlight the 'Criteria' and 'Primary reference criteria' sections. At the bottom of the dialog are buttons for 'EndNote Defaults', 'Revert Panel', 'OK', and 'Cancel'.

Opzioni di modifica globali

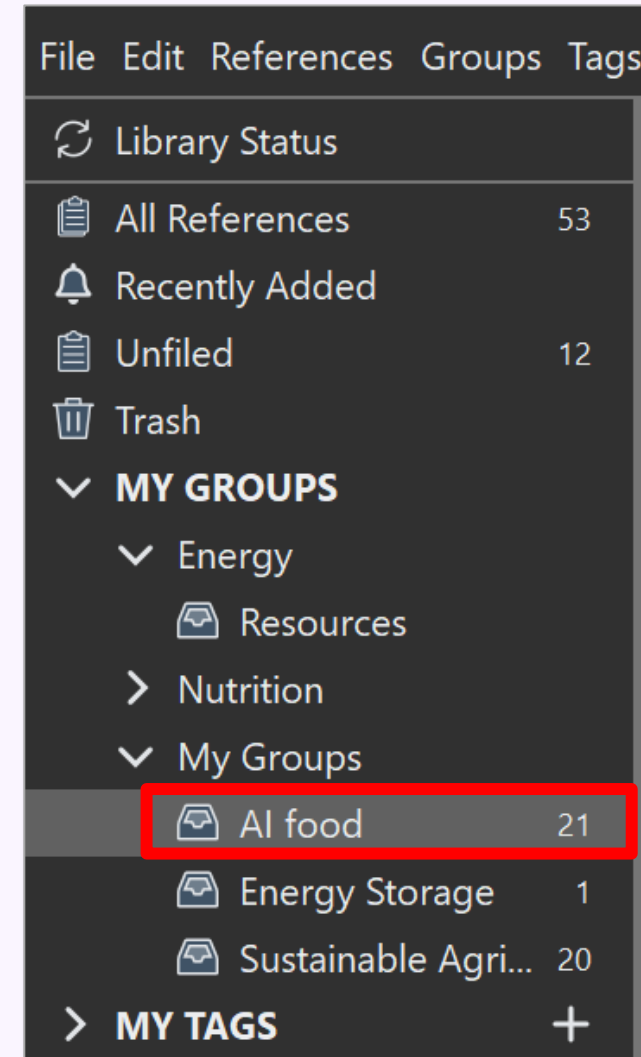

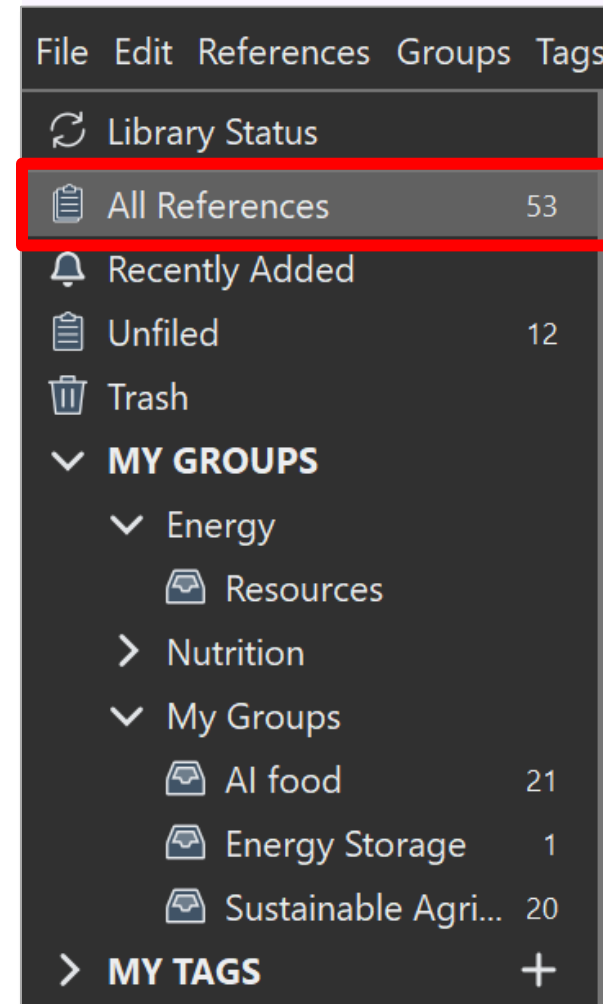

1. Apply the Change/Move/Copy Fields function to edit multiple records at once
2. Use Find and Replace to update terms or correct errors in your library globally
3. Automatically update existing references using Find Reference Updates

**Applica la funzione Modifica/Sposta/Copia
campi per modificare più record
contemporaneamente**

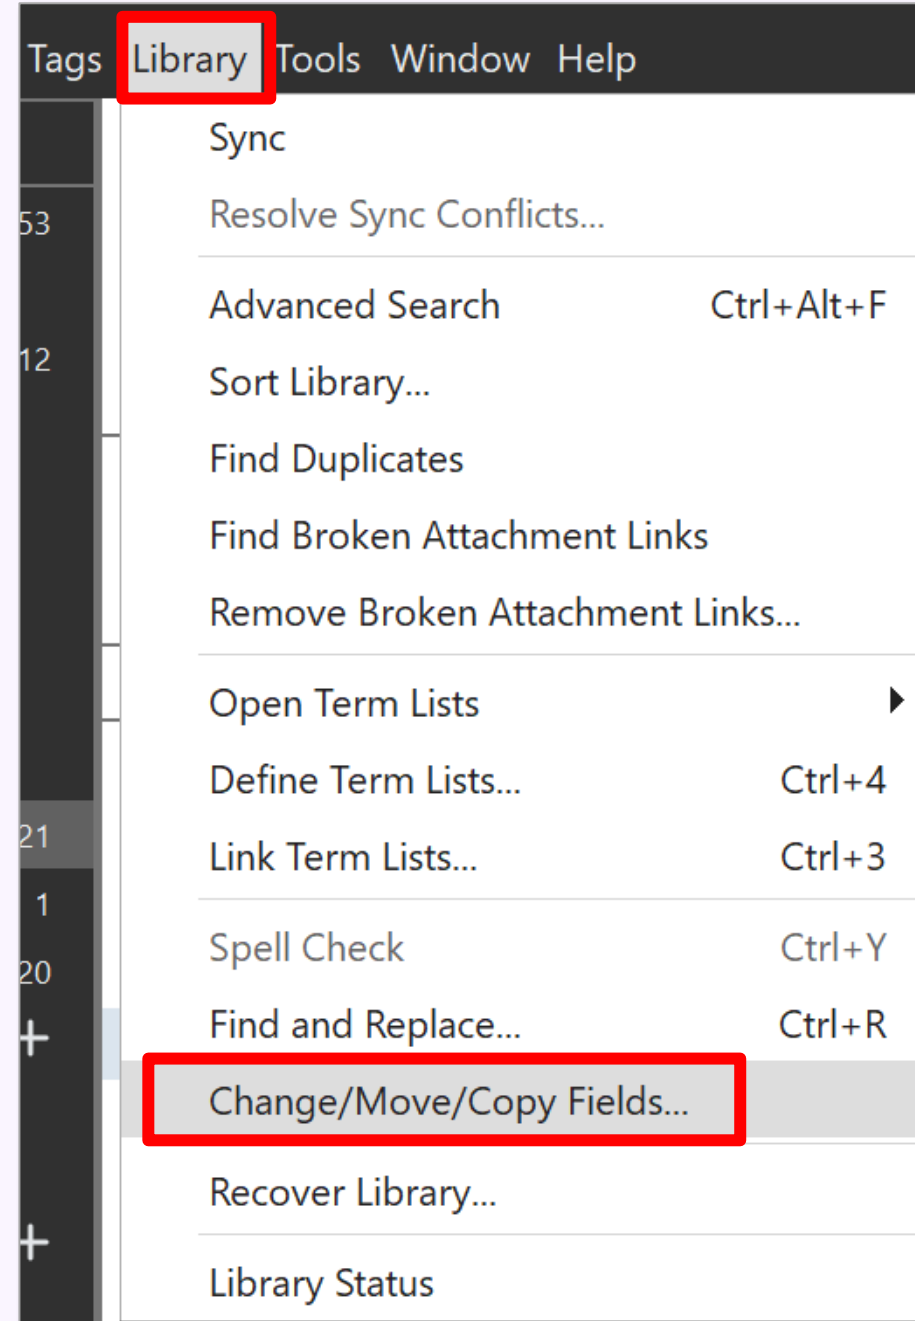

Selezione dei riferimenti di libreria da modificare

- EndNote applies your edits to the references currently visible in your library
- To edit all references, select **All References** in the Groups panel
- To edit specific references, choose a group or group set from the Groups panel

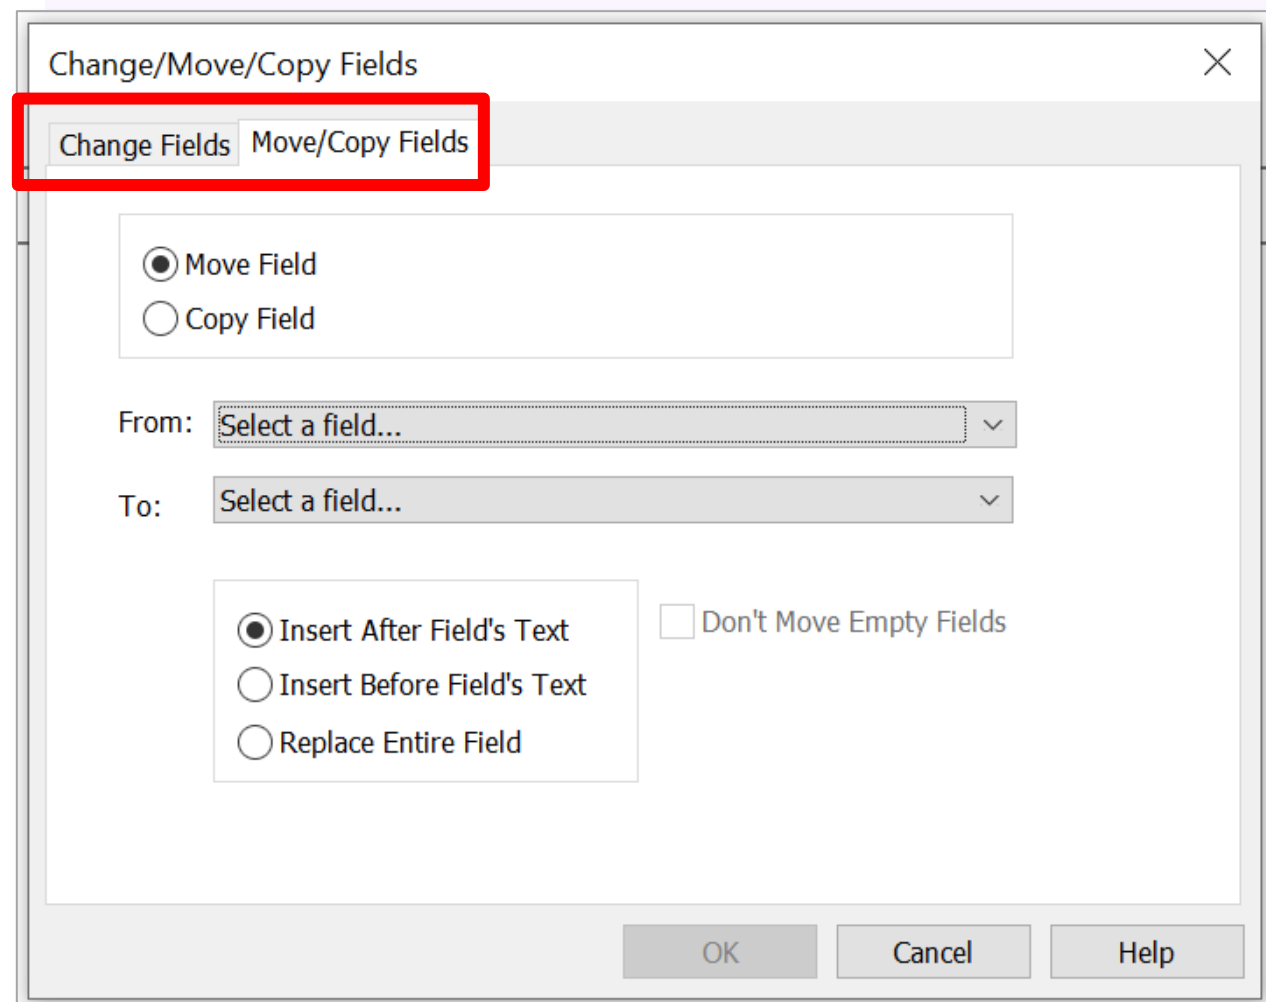

Applicazione di modifiche simultanee

To start applying changes to your references,
go to the **Library** menu and select
Change/Move/Copy Fields... to begin

Passaggio alla scheda Sposta/Copia campi

- The **Change/Move/Copy Fields** window offers two tabs: **Change Fields** and **Move/Copy Fields**
- To move or copy data between fields, click the **Move/Copy Fields** tab

Definizione dell'azione di modifica preferita

- The **Move/Copy Fields** tab provides options for moving or copying data between fields in your library
- Choose the field you want to move or copy data from
- Select the field where you want the data to be moved or copied
- Optionally, configure settings to specify how you want EndNote to treat the data during the move or copy process

Change/Move/Copy Fields

OK Cancel Help

Conferma dei campi Modifica/Spostamento/Copia

- After applying your changes, EndNote will display a confirmation message with the number of records updated
- Click **OK** to finish the process and exit the confirmation message
- Click **Cancel** if you wish to stop the process and revert any changes made

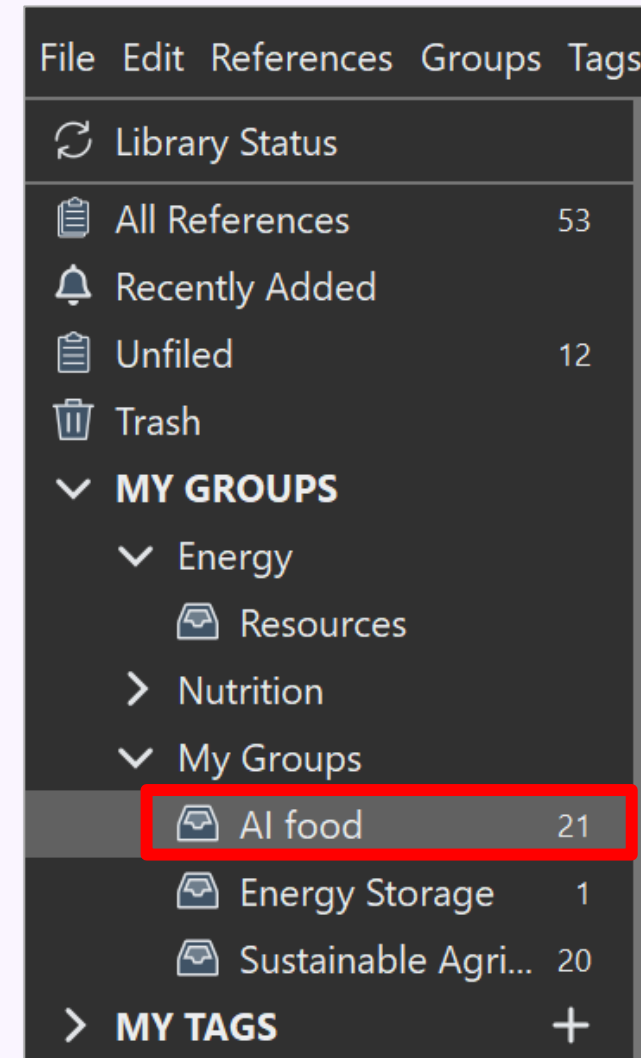

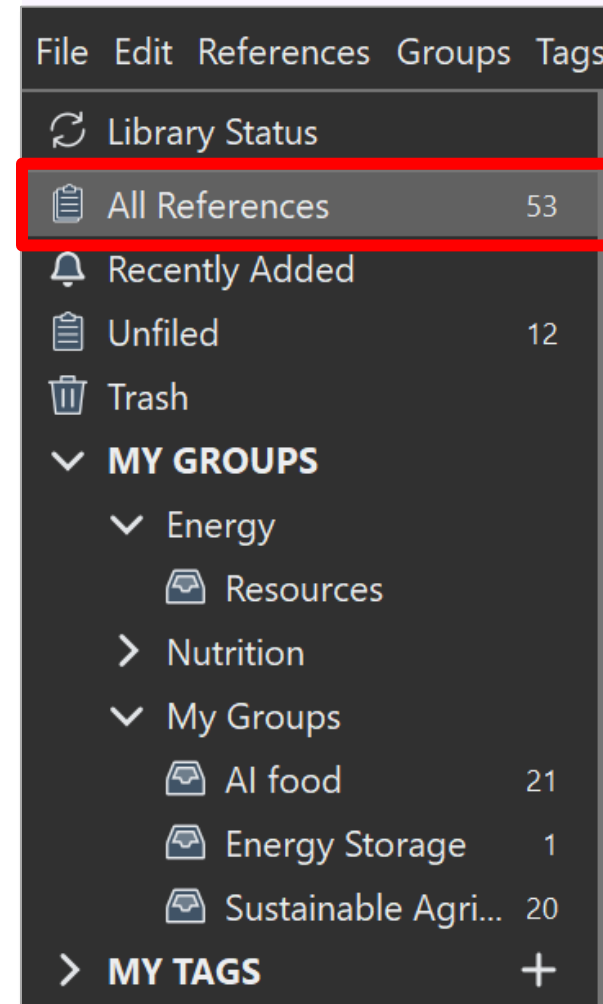

Utilizza Trova e Sostituisci per aggiornare i termini o correggere gli errori nella tua libreria a livello globale

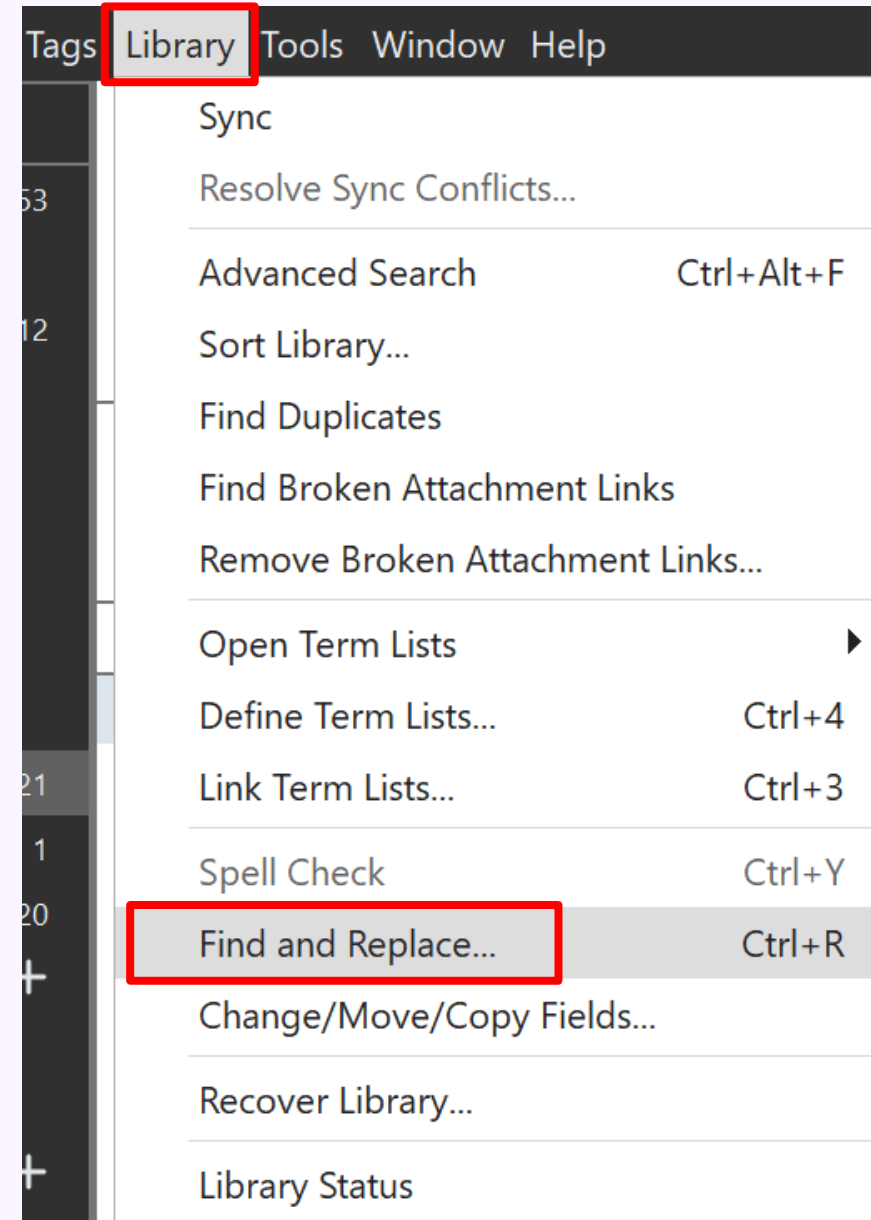

Selezione dei riferimenti per la sostituzione dei termini

- EndNote applies global edits to references that are currently displayed
- Select **All References** in the Groups panel to apply edits to your entire library. To edit only specific references, choose a group or group set

Avvio del processo di ricerca e sostituzione

- Begin by searching for a specific term or phrase in your library, then replace it with a new value
- To start, go to the **Library** menu and select **Find and Replace...** to begin the process

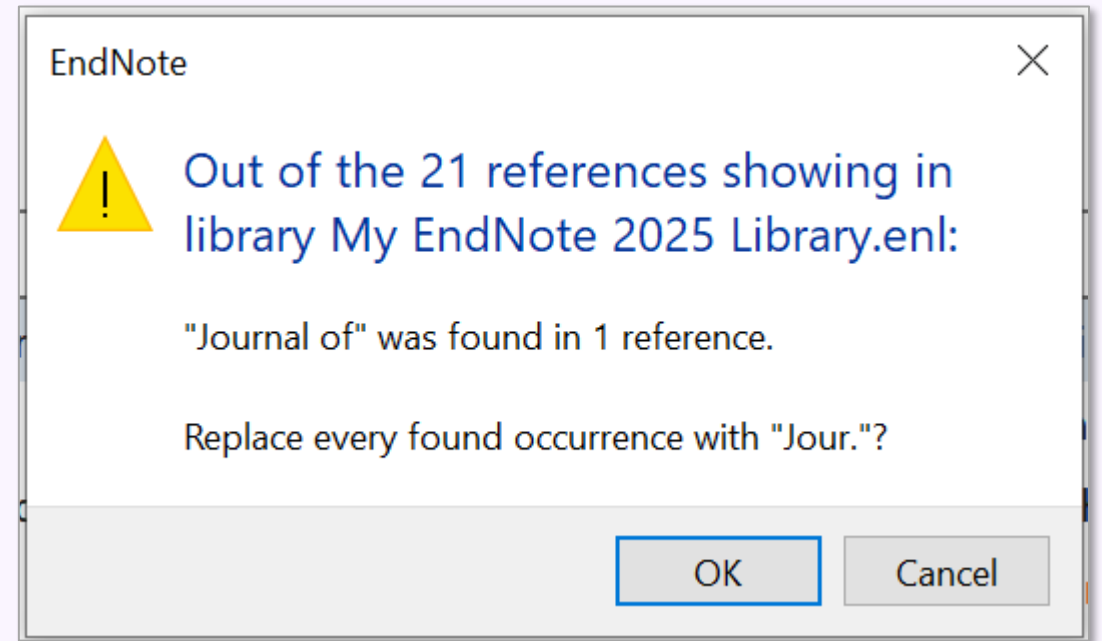

Scelta dei campi per trovare i termini

- The Find and Replace tool works within one field at a time
- Open the **Select a Field** menu to select the field you want to search in
- Enter the term you want to find in the **Find** field, then type the replacement in the **Replace with** field
- Use the **Insert Special** menu to include tab or carriage return characters if needed
- Optionally, adjust settings for **Match Case**, **Match Word**, and **Retain Capitalization**
- When you're ready, click **Change** to proceed.
- Or click **Cancel** to stop the process

The screenshot shows the 'Find and Replace' dialog box. At the top, there is a dropdown menu labeled 'In:' with the text 'Select a field...' and a downward arrow. Below this, the 'In:' dropdown is set to 'Journal/Secondary Title'. To the right of this dropdown is an 'Insert Special' button with a right-pointing arrow. A small menu is open next to the 'Insert Special' button, showing two options: 'Tab' and 'Carriage return'. The 'Find:' field contains the text 'Journal of'. Below the 'Find:' field are two checkboxes: 'Match Case' (unchecked) and 'Match Words' (checked). The 'Replace with:' field contains the text 'Jour.'. Below the 'Replace with:' field is a checkbox labeled 'Retain Capitalization' which is checked. At the bottom right of the dialog are two buttons: 'Change' (highlighted with a blue border) and 'Cancel'.

Conferma del processo

- Review the changes you're about to apply
- Click **OK** to apply your changes
- Click **Cancel** to stop the Find and Replace process

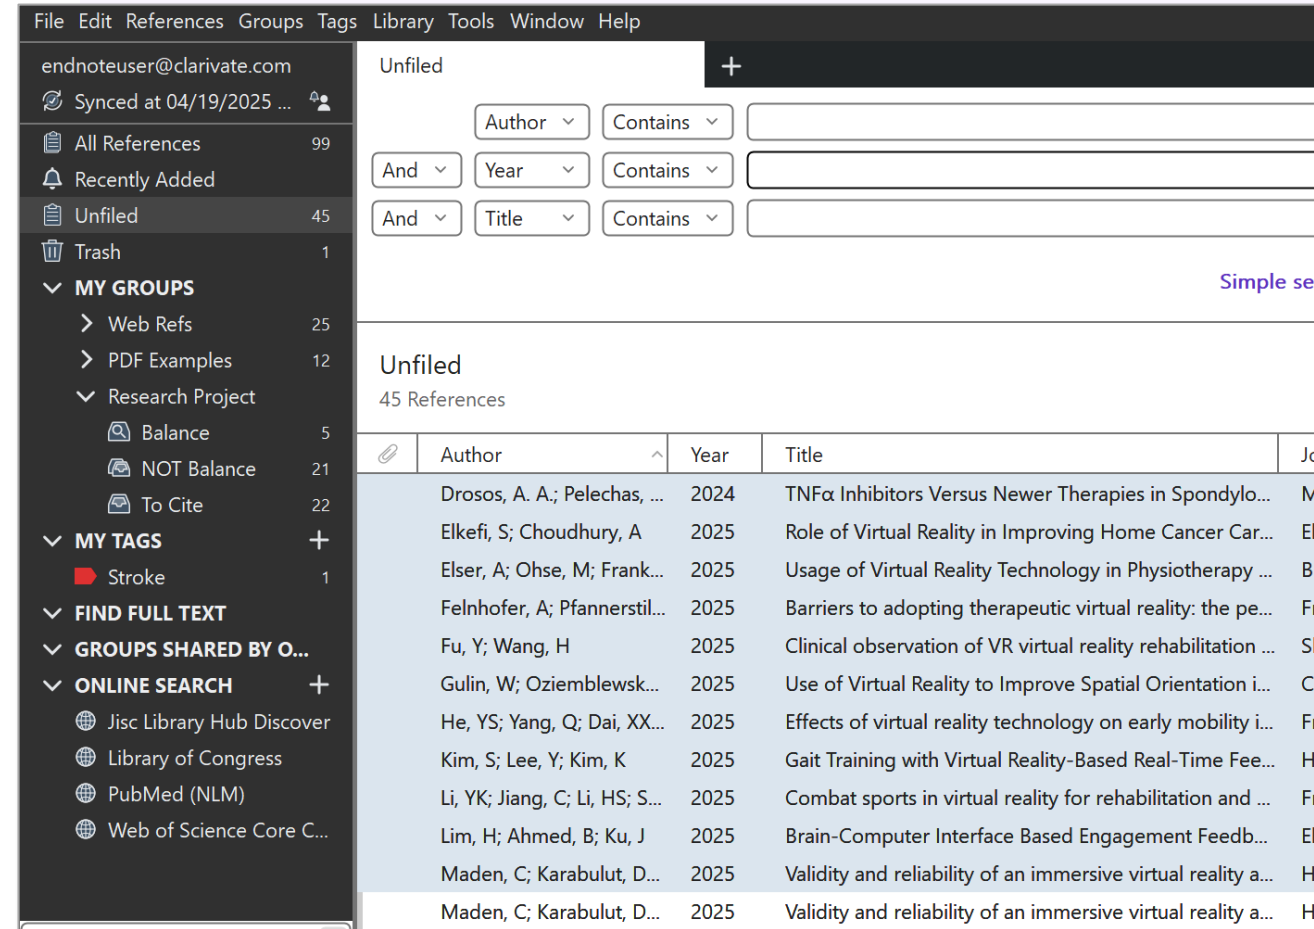

Aggiornare automaticamente i riferimenti esistenti utilizzando Trova aggiornamenti riferimenti

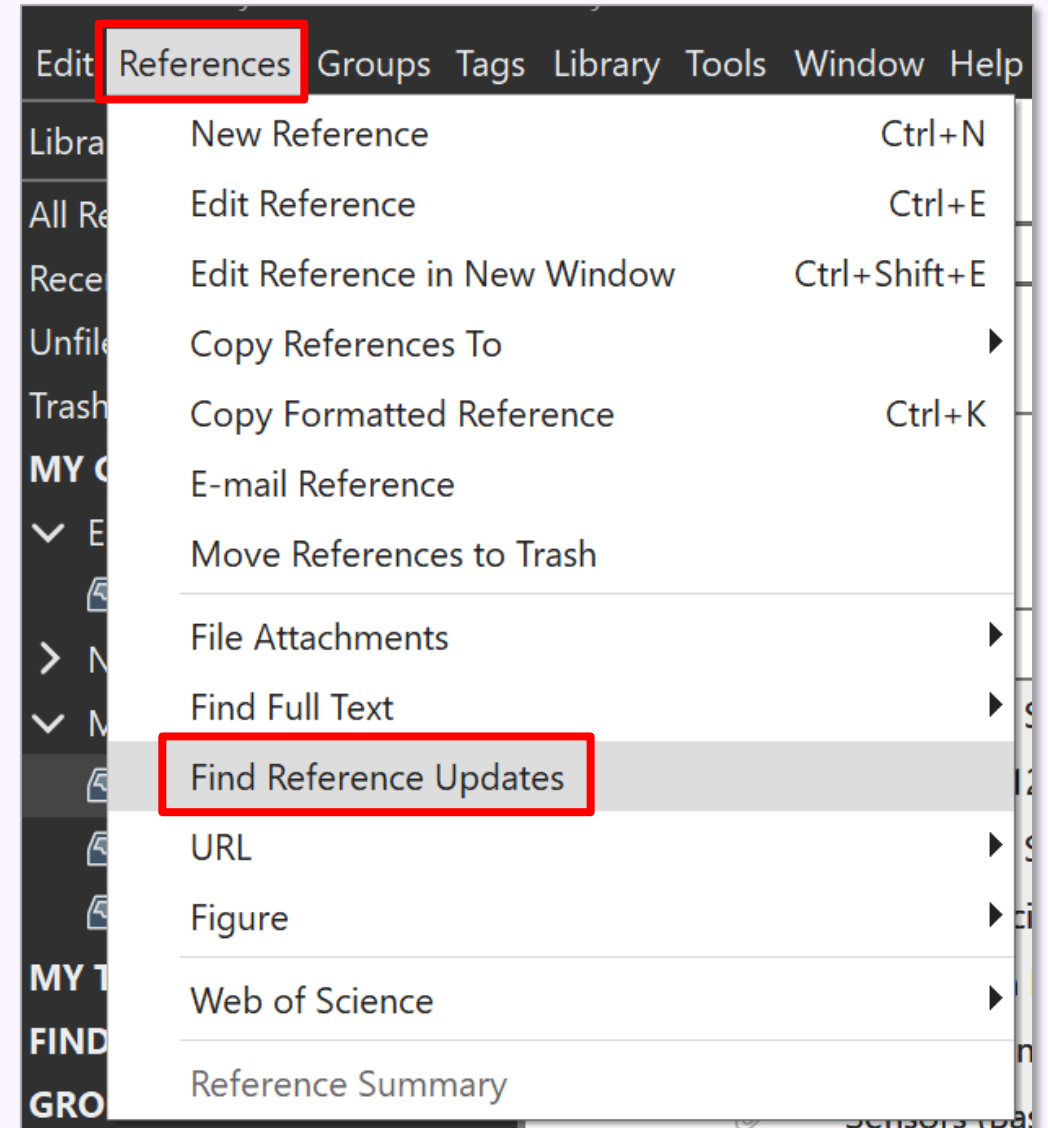

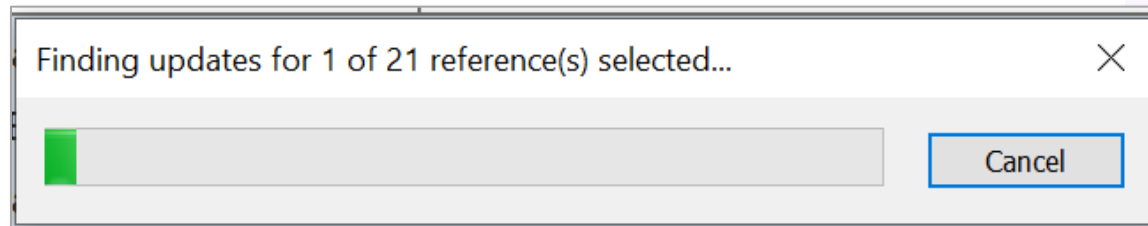

Selezione dei riferimenti da aggiornare

1. Highlight at least one reference for the **Find Reference Updates** search
2. To select non-consecutive references, hold **command** (macOS) or **ctrl** (Windows) and click each reference
3. To select a range of references, hold **shift** and click the first and last reference in the range

Avvio degli aggiornamenti di ricerca dei riferimenti

1. After selecting the references you want to update
2. Click the **References** drop-down and select **Find Reference Updates**
3. A progress bar will appear showing the update progress

Ricerca tramite Trova aggiornamenti di riferimento

1. **Update All Fields** to replace all metadata
2. **Update Empty Fields** to replace only missing metadata
3. **Edit Reference** to manually select new metadata
4. **Skip** to leave the reference unchanged
5. **Cancel** to stop the update process

EN Review Available Updates for Reference 5 of 21 Selected - [Garbuzova-Davis, 2016 #27 (My EndNote 2025 Library.enl)]

The available updates are shown on the left and highlighted. "Update All Fields" copies every updated field from the Available Updates to My Reference, replacing anything already existing in the field(s) in My Reference. "Update Empty Fields" copies available updates only when the corresponding field in My Reference is blank. Text can also be manually copied and pasted into fields.

3 – Funzionalità avanzate di Cita mentre scrivi

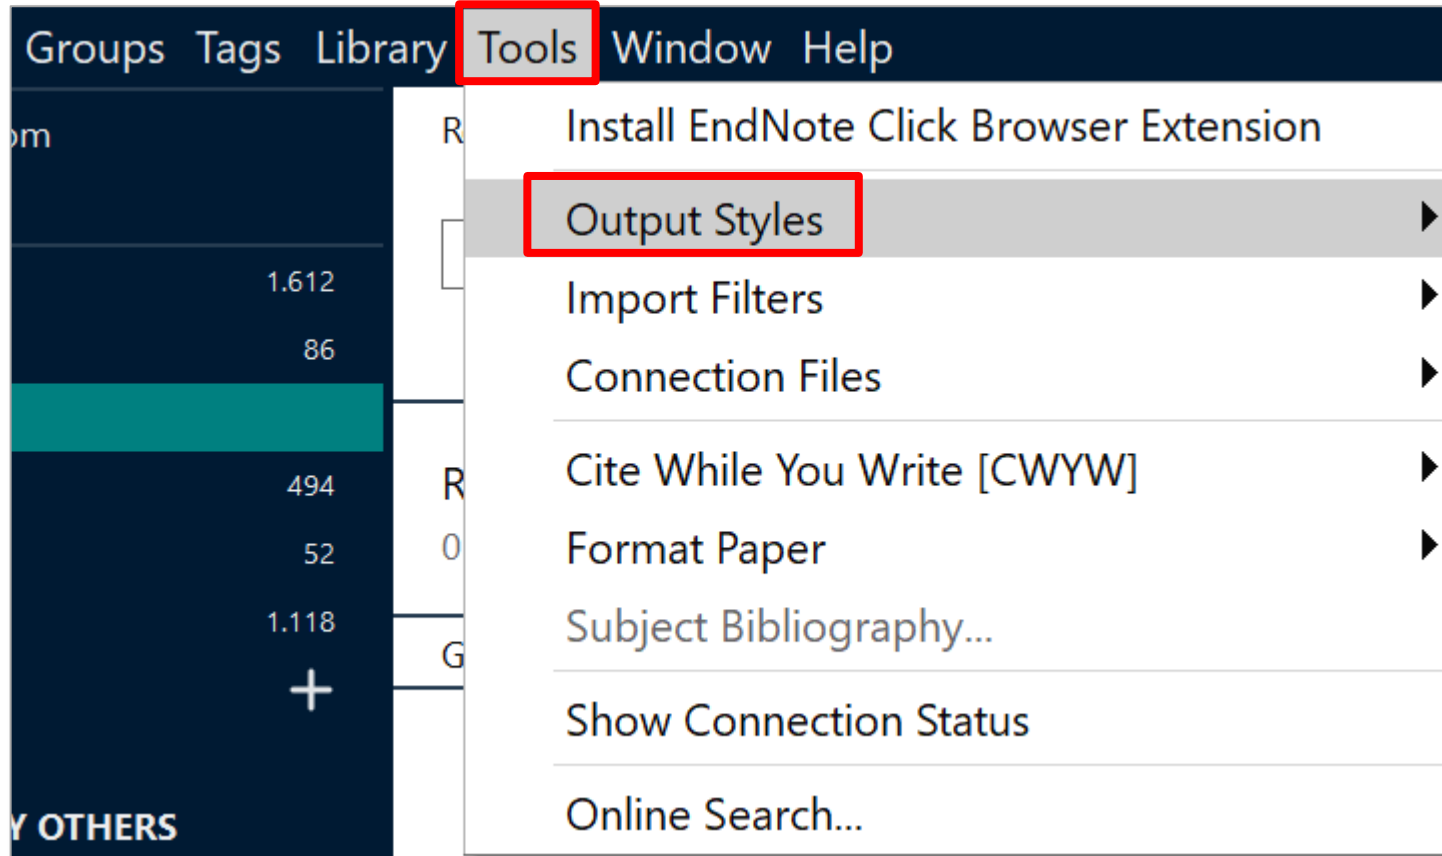

Obiettivi formativi

- Editare e personalizzare uno stile di citazione
- Aggiungere citazioni nelle note a pie' pagina
- Nuovo in EN 2025:
 1. Citare da un PDF
 2. Trovare una rivista in Cite While You Write
- Spostarsi da EndNote desktop a Online e viceversa in CWYW in Word

Personalizzare uno stile di output in EndNote 2025

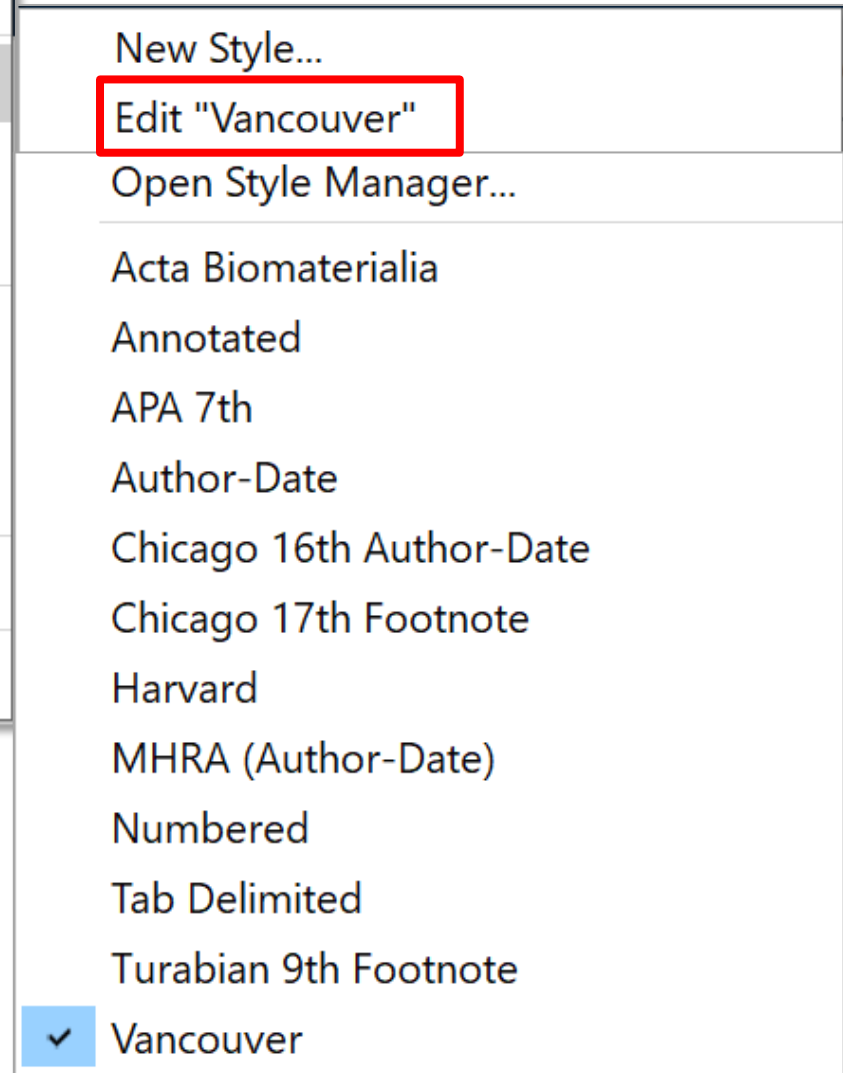

Modificare o personalizzare uno stile di citazione in EN2025

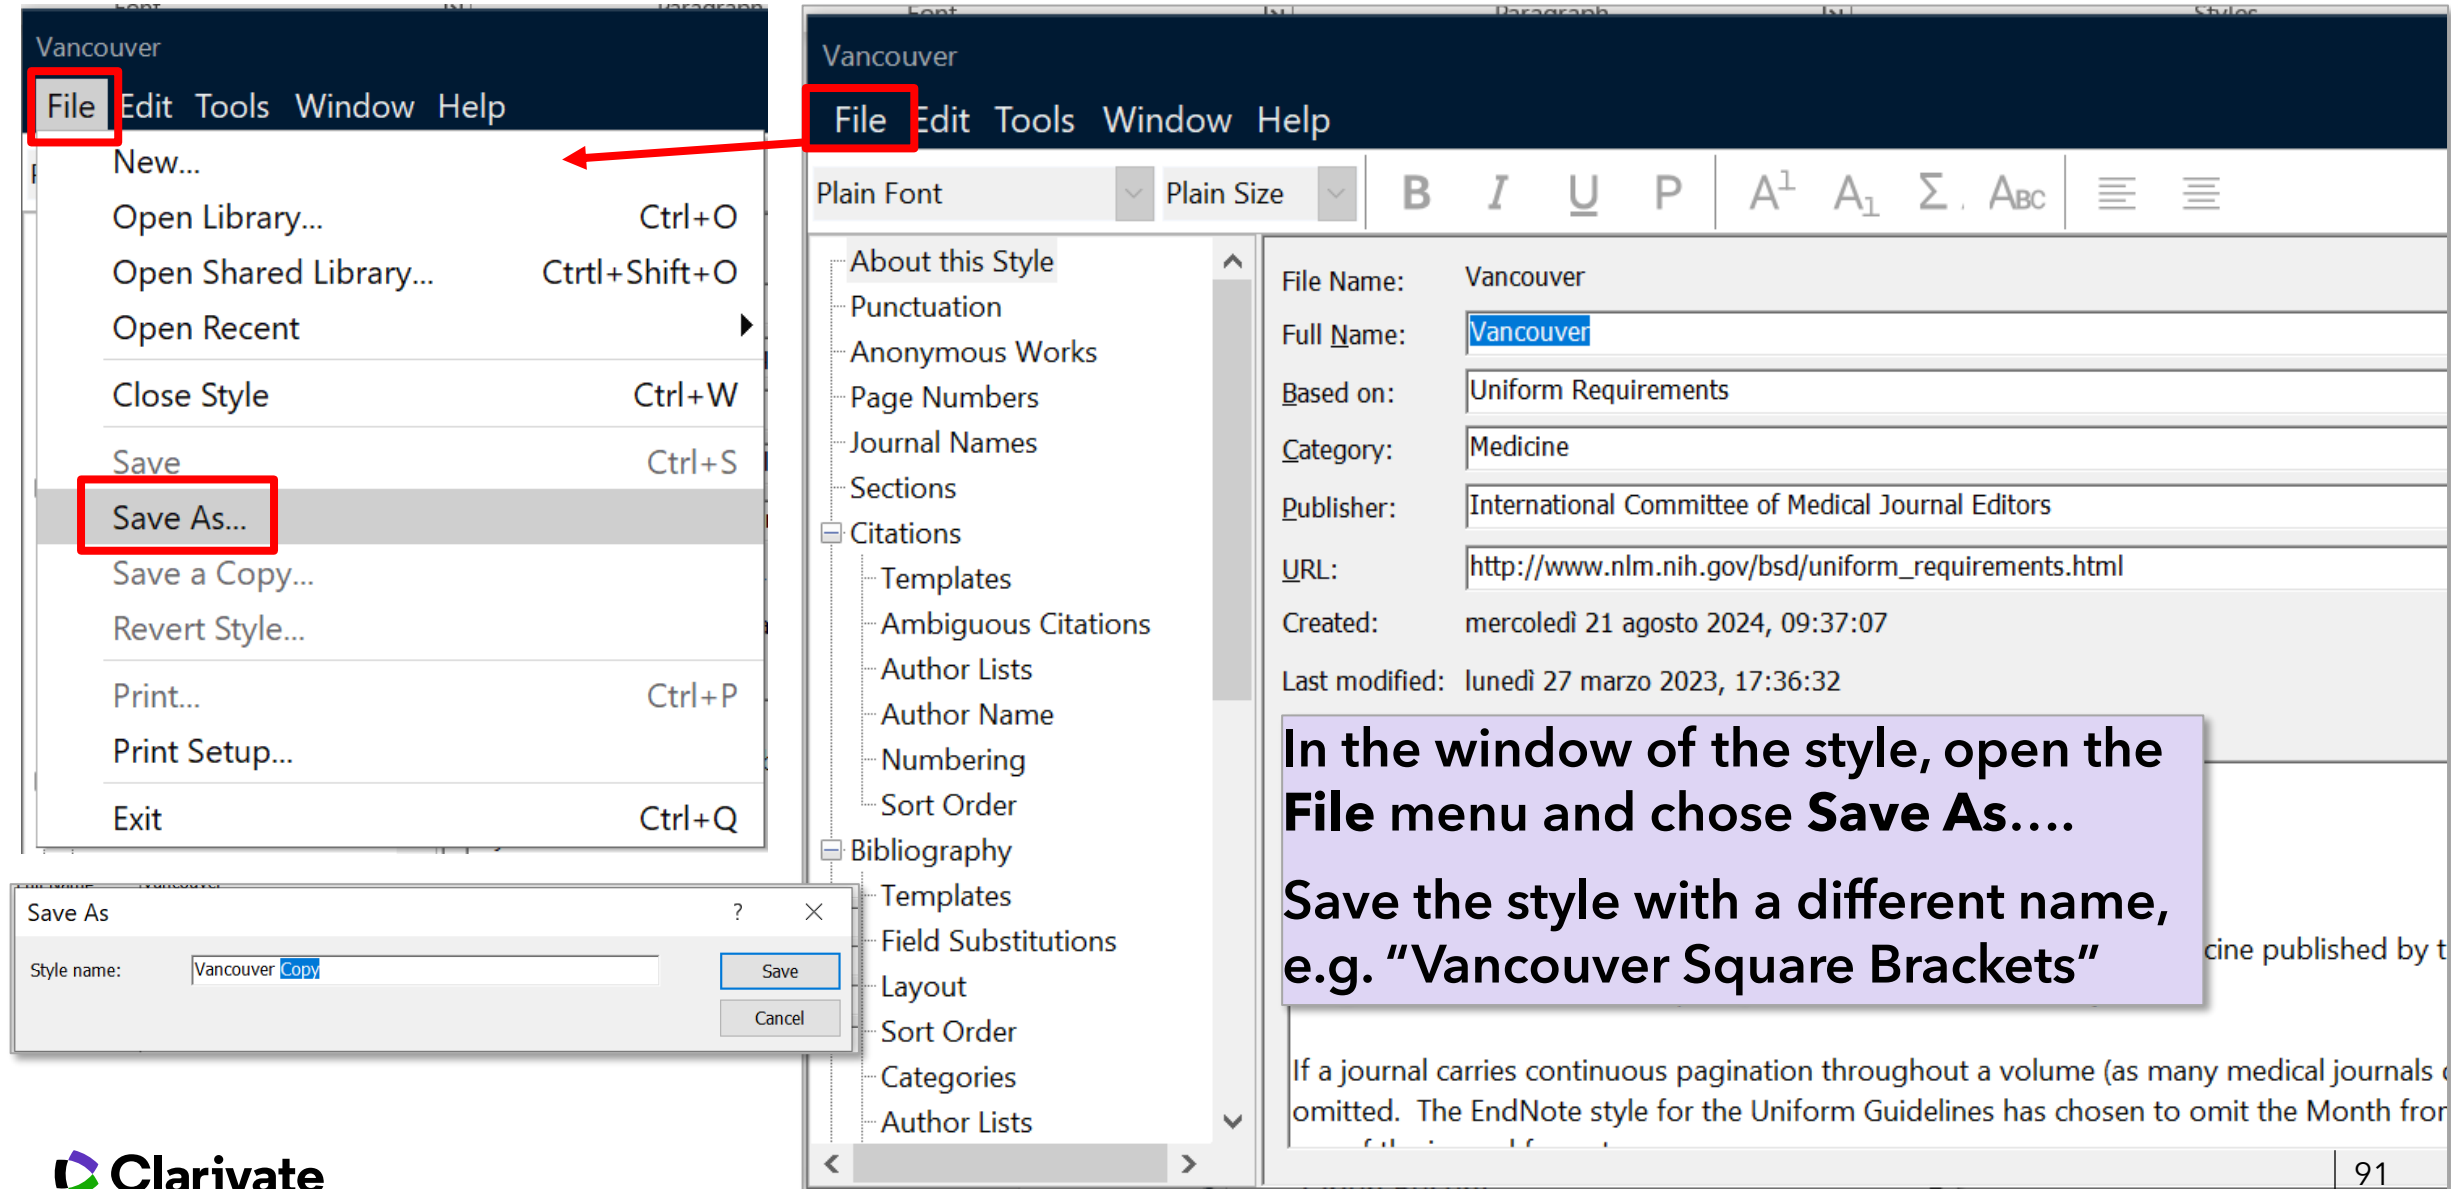

Styles can be edited, or you can create a custom copy.

In this example we need to create a version of the Vancouver style with square brackets

In EndNote 2025, Go to the **Tools Menu > Output Styles**
Select **Edit "Vancouver"** or go the **"Open Style Manager..."**

Modificare o personalizzare uno stile di citazione in EN2025

The screenshot displays the EndNote 2025 application window. The 'File' menu is open, and the 'Save As...' option is highlighted. A red arrow points from the 'File' menu to the 'Save As...' option. The 'Save As' dialog box is open, showing the 'Style name' field with the text 'Vancouver Copy'. The 'Save' button is highlighted.

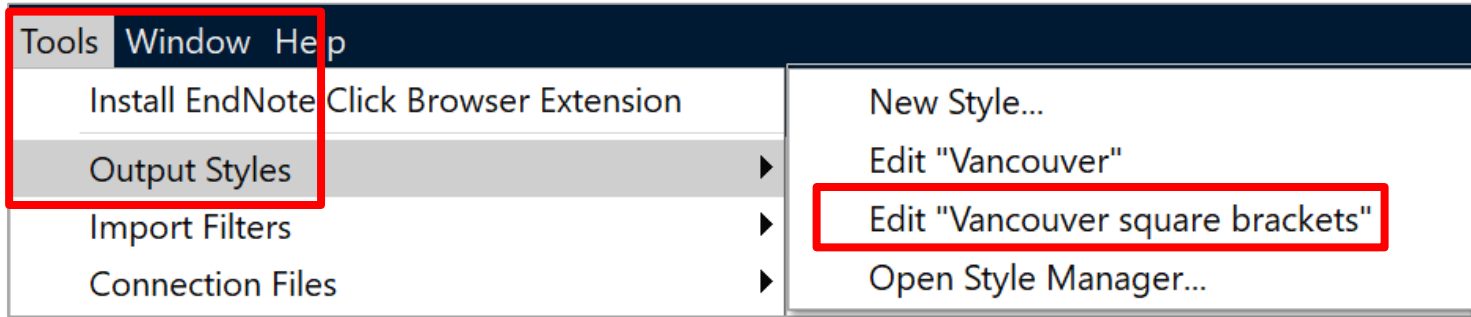

In the window of the style, open the File menu and chose Save As....

Save the style with a different name, e.g. "Vancouver Square Brackets"

Clarivate

91

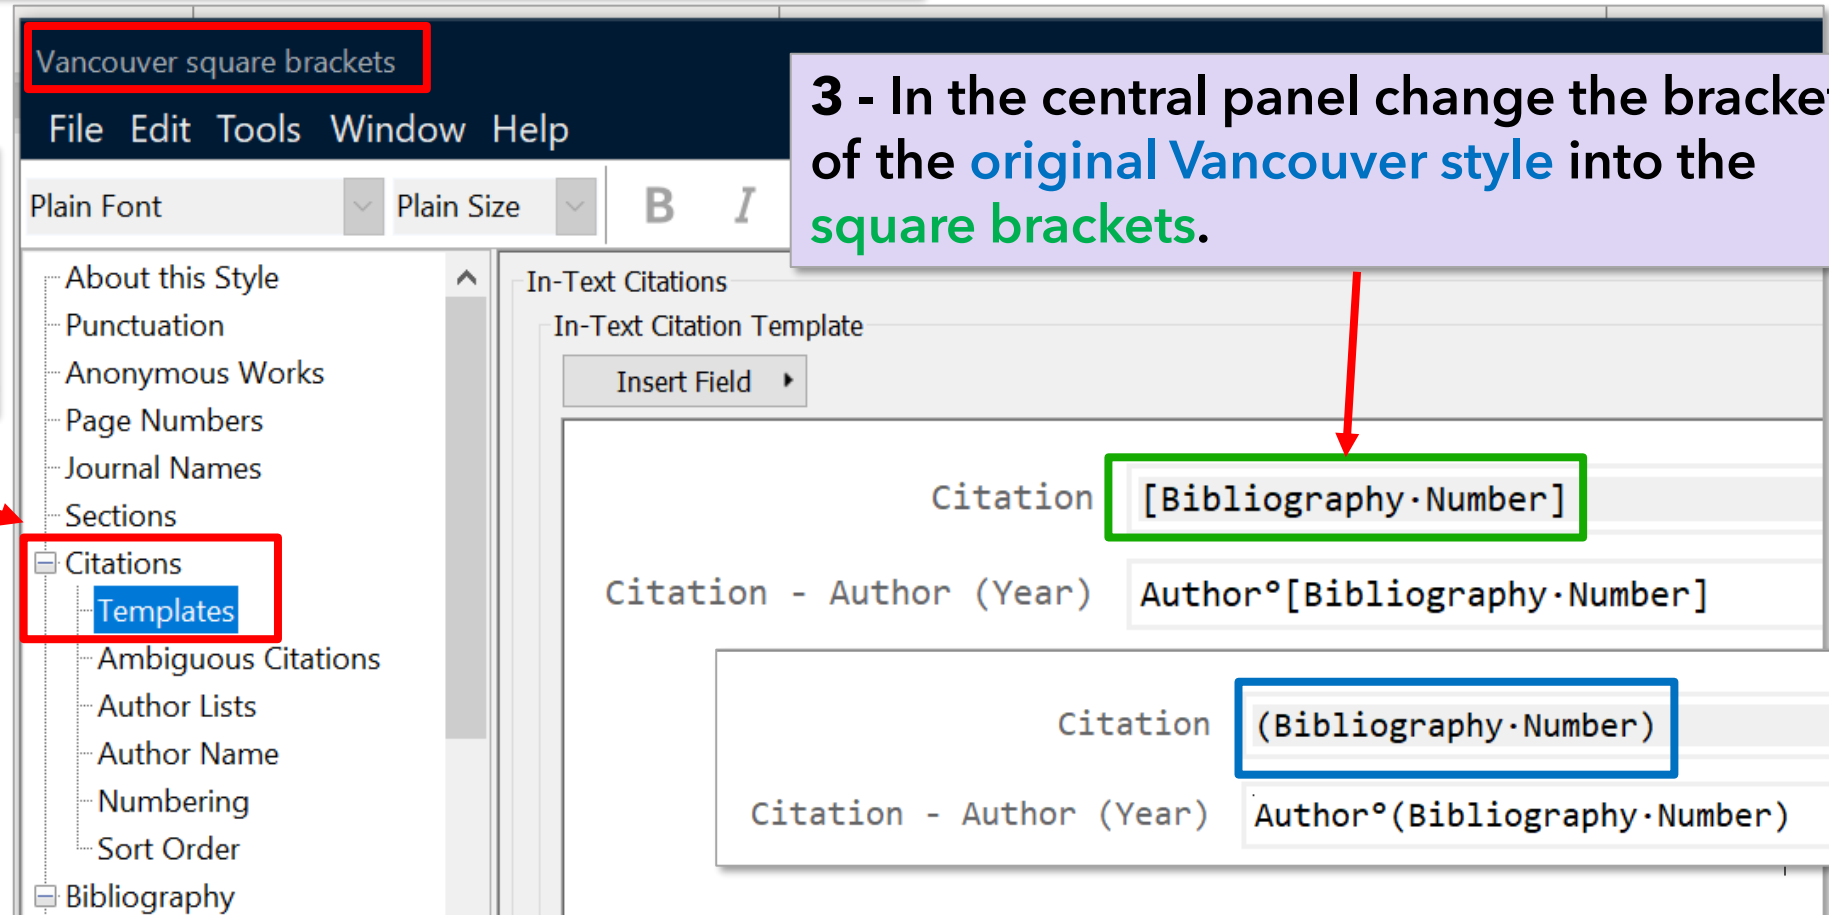

Modificare o personalizzare uno stile di citazione in EN2025

1 - You can now open the Edit of the new style

2 - In the edit window go to the option **Citations > Templates** in the menu on the left.

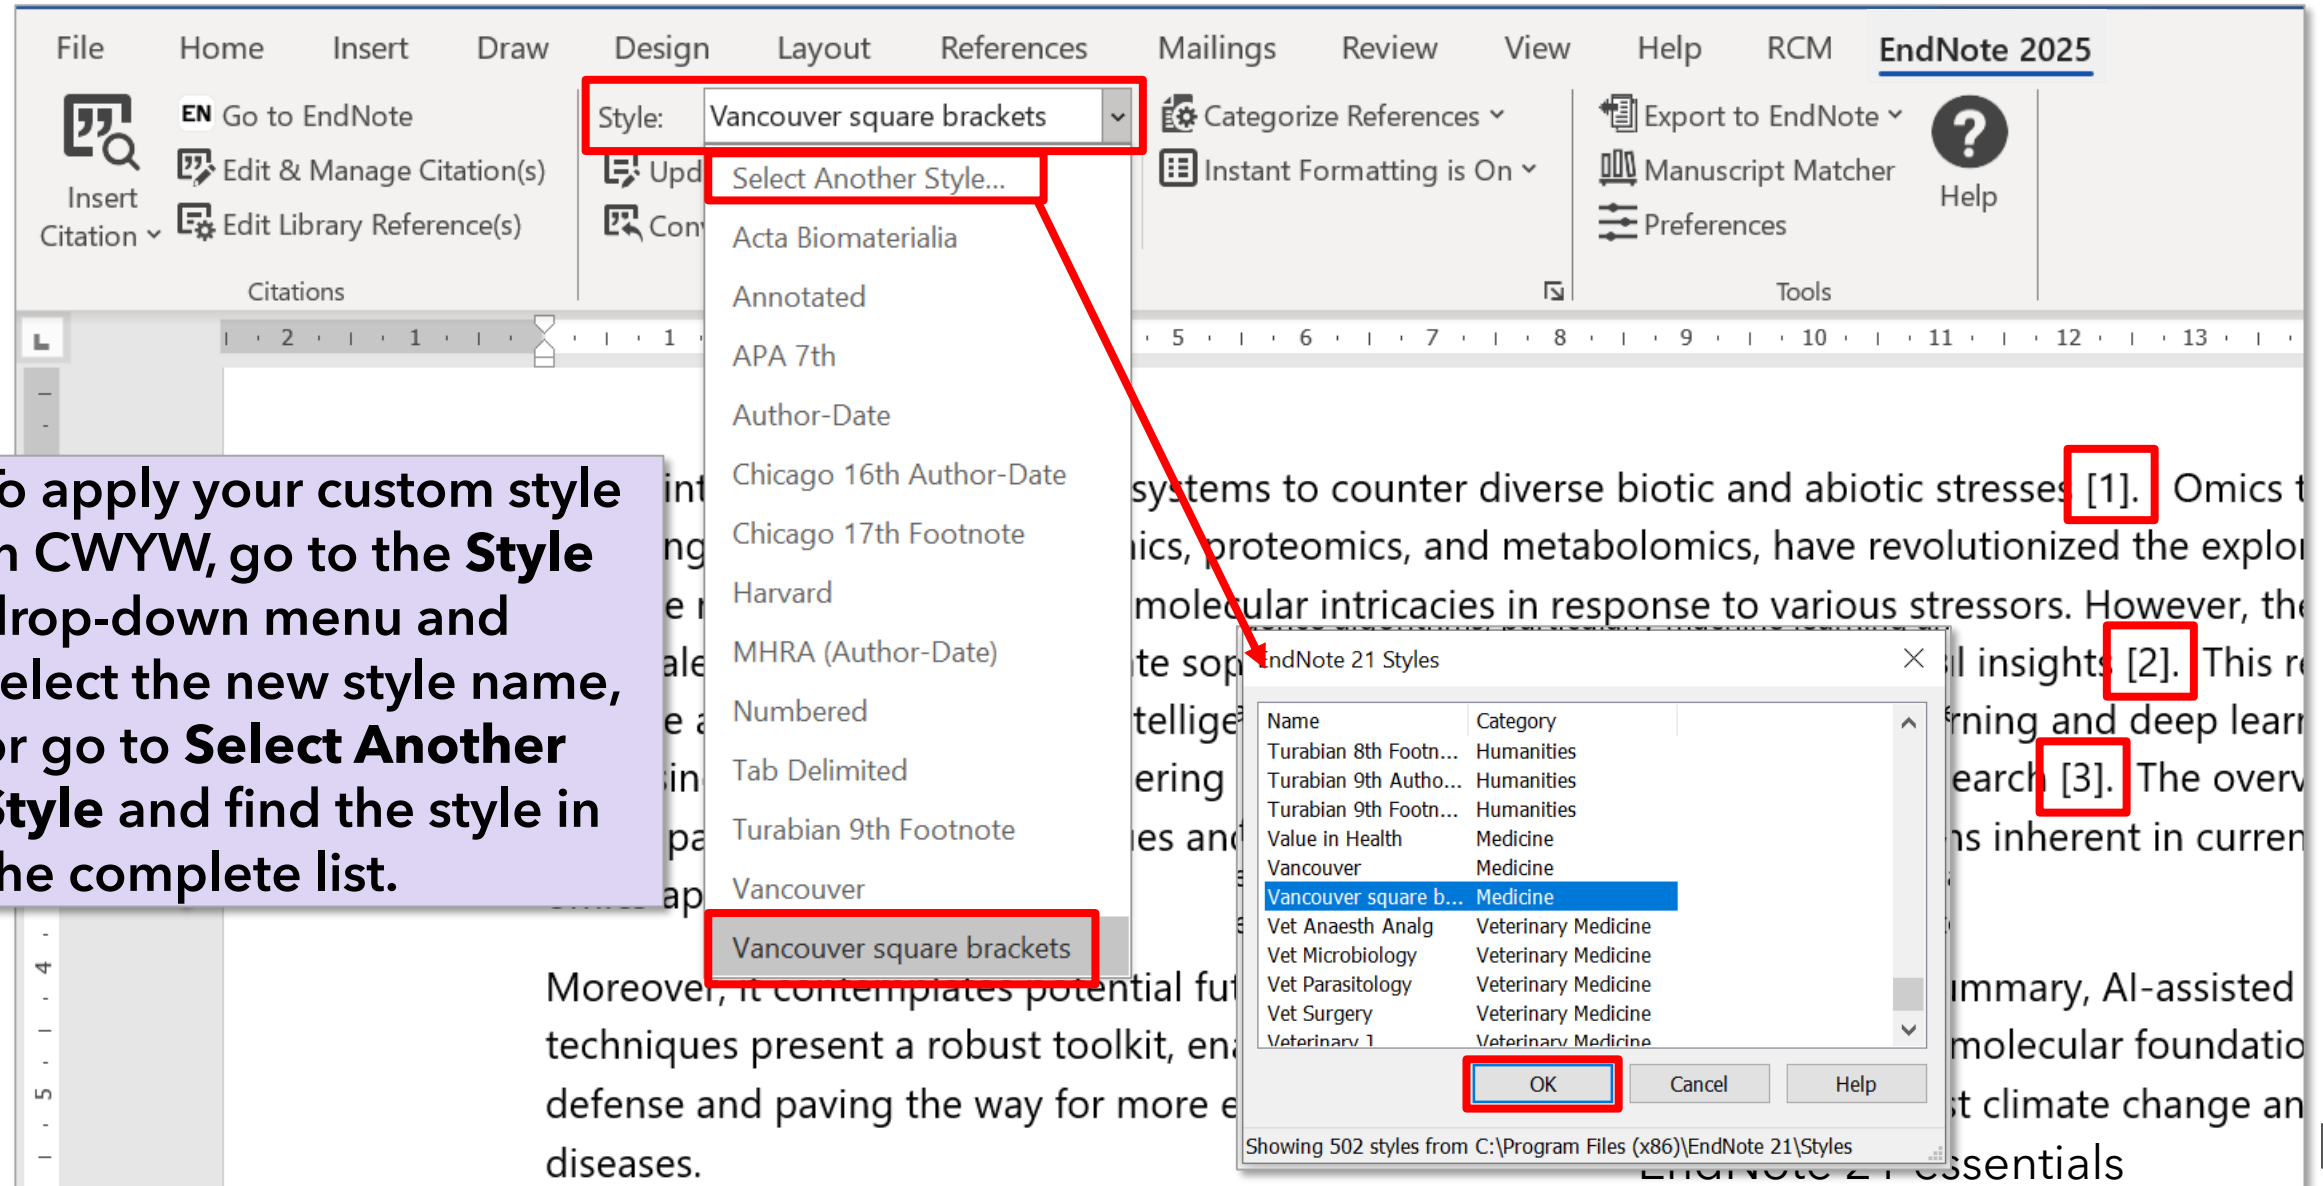

4 - Don't forget to save the change: menu **File>Save**

3 - In the central panel change the brackets of the **original Vancouver style** into the **square brackets**.

Applicare lo stile personalizzato in CWYW in Word

To apply your custom style in CWYW, go to the **Style** drop-down menu and select the new style name, or go to **Select Another Style** and find the style in the complete list.

The screenshot shows the Microsoft Word interface with the EndNote 2025 ribbon active. The 'Style' dropdown menu is open, showing a list of citation styles. The 'Select Another Style...' option is highlighted. The 'Vancouver square brackets' style is selected in the list. The 'OK' button in the 'EndNote 21 Styles' dialog box is highlighted.

Moreover, it contemplates potential future techniques present a robust toolkit, enabling defense and paving the way for more effective treatments for various diseases.

systems to counter diverse biotic and abiotic stresses [1]. Omics technologies, proteomics, and metabolomics, have revolutionized the exploration of molecular intricacies in response to various stressors. However, the integration of these technologies with traditional insights [2]. This research, combining and deep learning research [3]. The overview of the research is inherent in current research.

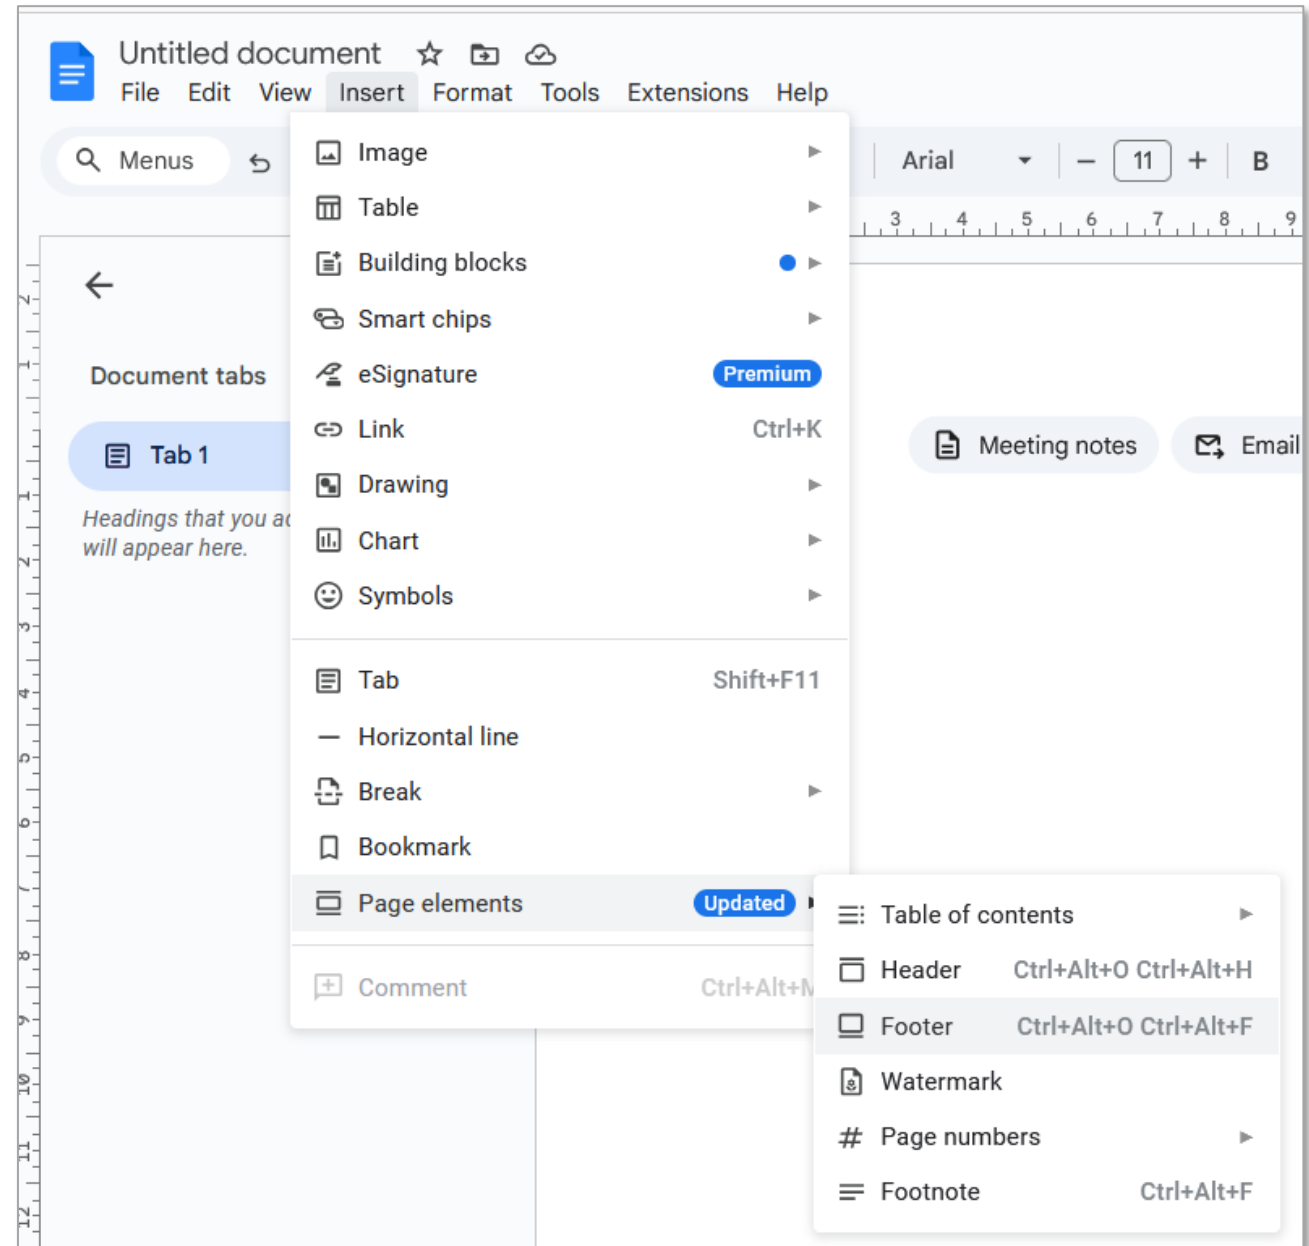

In summary, AI-assisted research provides a molecular foundation for understanding and addressing climate change and its impacts on ecosystems and human health.

Aggiungere le citazioni in footnotes, in Google Docs

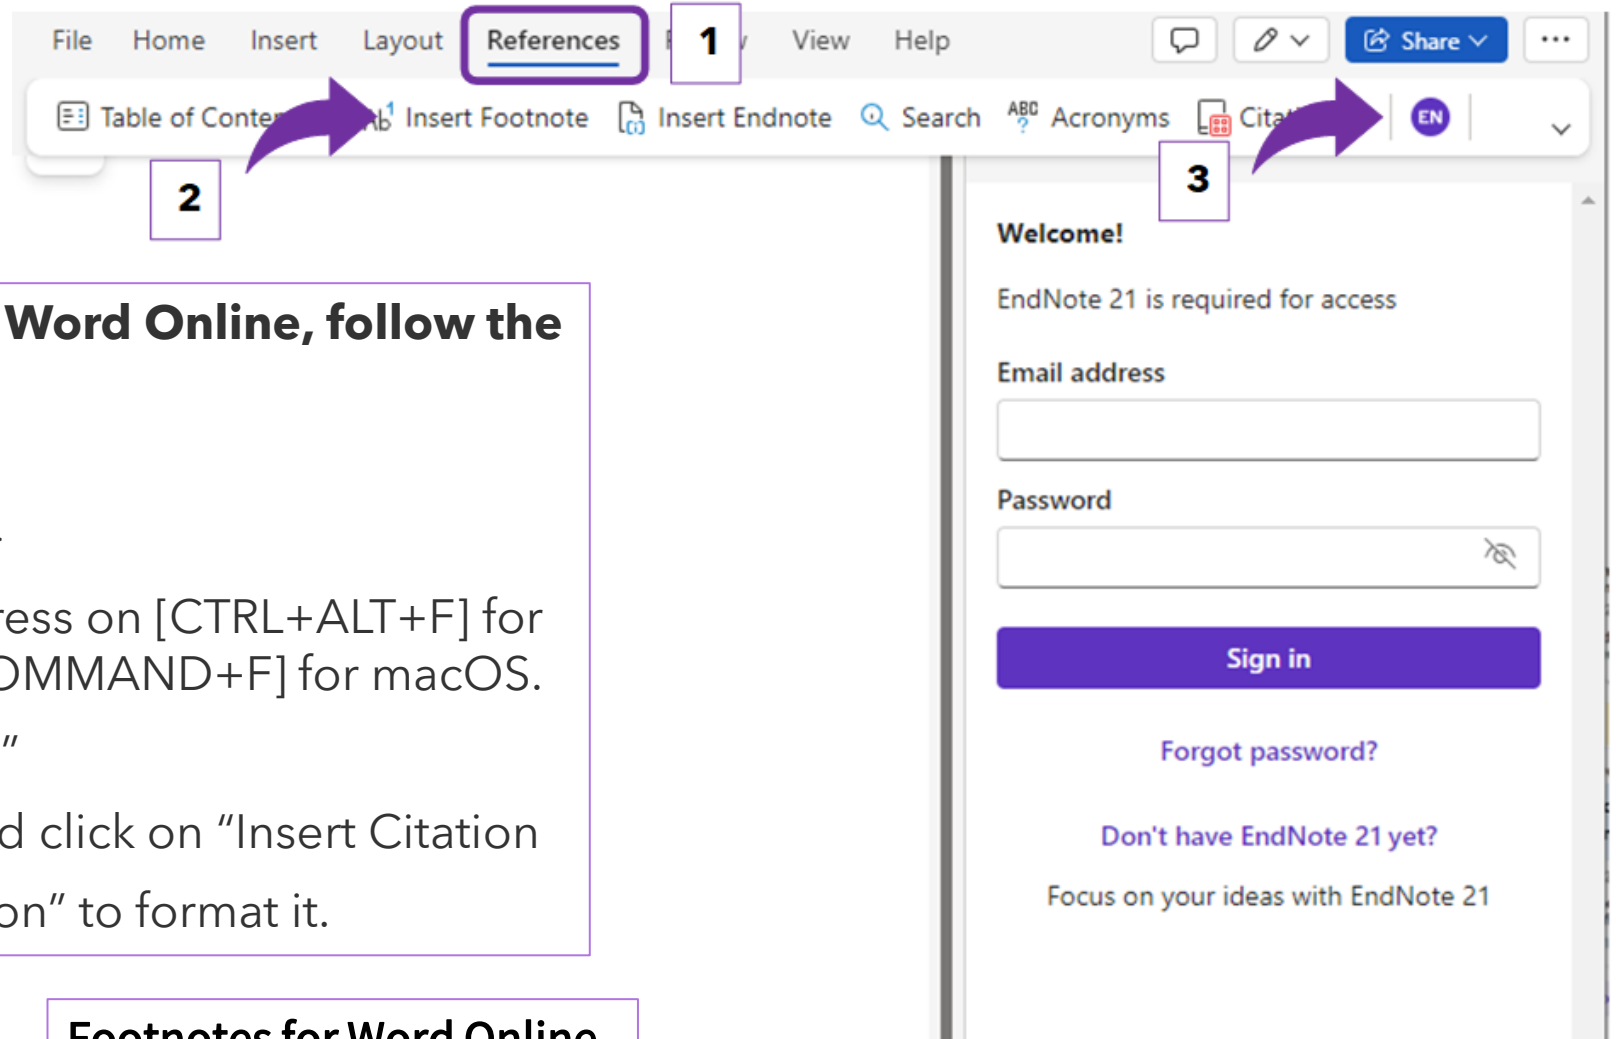

To insert footnotes into Google Docs, follow the steps below:

1. Open Google Docs.
2. Click on "Insert" > "Footnote" OR using the hotkey:
Windows: [CTRL+ALT+F]
Mac: [OPTIONS+COMMAND+F]
3. Click on "Extension" > "EndNote 2025 Cite While You Write" and log in with your credentials.
4. Select the reference and click on "Insert Citation."
5. Click on "Update Citation" to format it.

Footnotes for Google Docs

Aggiungere le citazioni in footnotes, in Word

To insert footnotes into Word Online, follow the steps below:

Open Word Online

1. Click on "References" >

2. "Insert Footnote" OR press on [CTRL+ALT+F] for Windows/ [OPTIONS+COMMAND+F] for macOS.

3. Now click on "EndNote"

4. Select the reference and click on "Insert Citation"

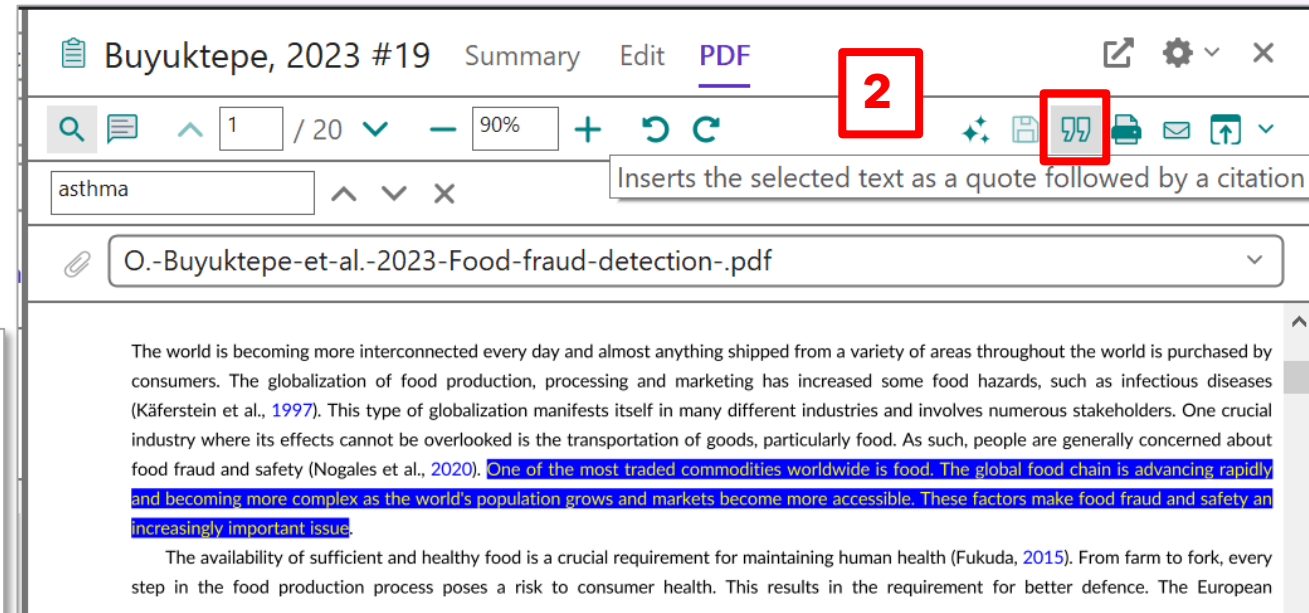

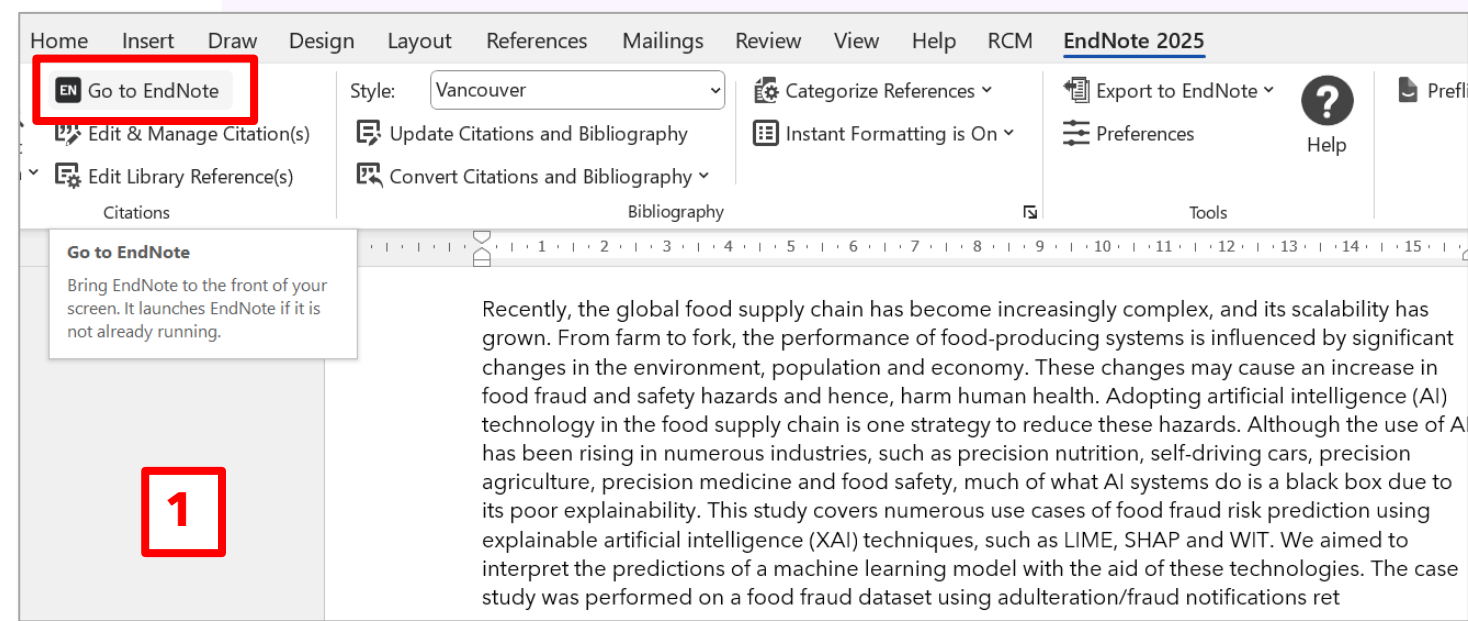

5. Click on "Update Citation" to format it.

123456789101112131415

Soil and crop management are facing challenges, in particular an increasing pressure to feed a growing population and improve food safety. (Kabileshe et al., 2023)

Smart farming assists in dealing with these issues by integrating various technologies into farming practice. (Araújo et al., 2022)

The Multiponics Vertical Farming (MVF) system is a sustainable approach that saves space, transportation cost and delivery time. It is processed by advanced technologies to achieve greater productivity. (Bhardwaj et al., 2022)

For dynamic and complex problems, Artificial Intelligence (AI) is being used in designing effective solutions. This study discusses the application of MVF for tasks including classification, detection and machine learning techniques, Support Vector Machine (SVM) and Deep Neural Network (NN)-based models, that are widely used in agriculture. Farming are also discussed. (Amiri et al., 2024)

CWYW in Word: spostamento da EndNote Online a EndNote 2025 (e vice versa)

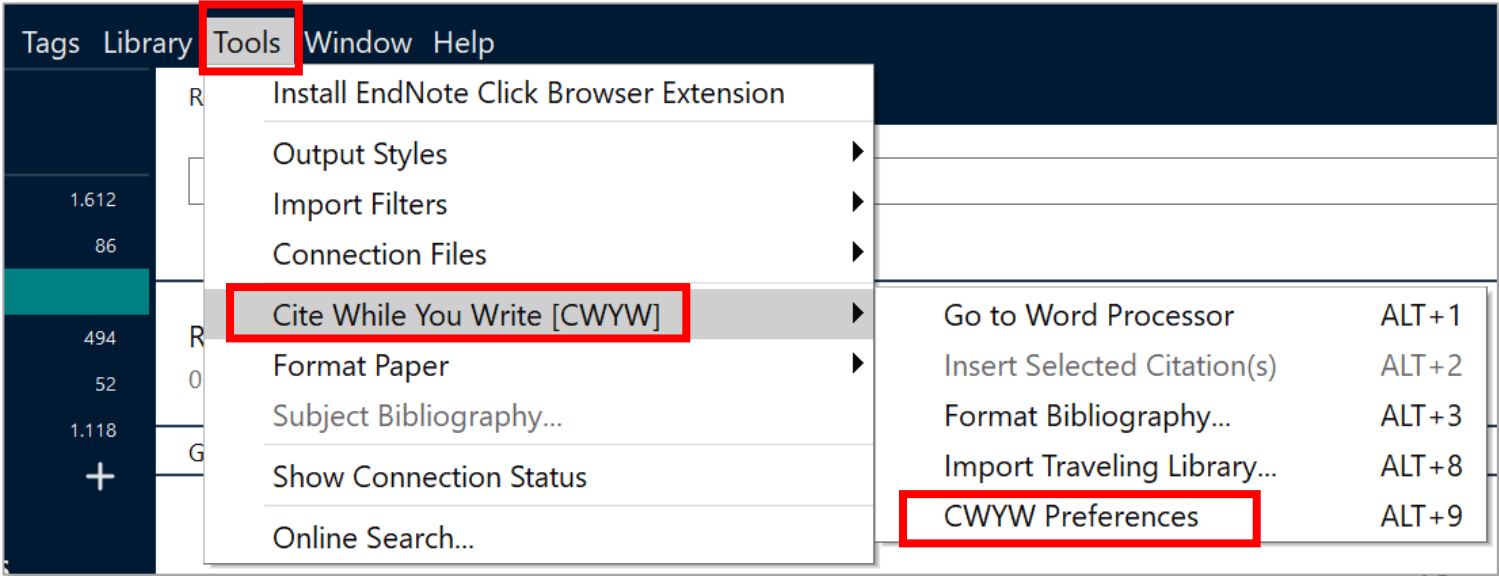

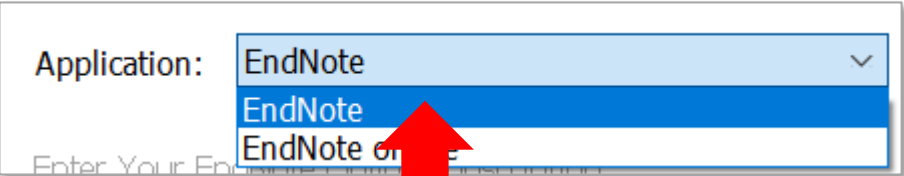

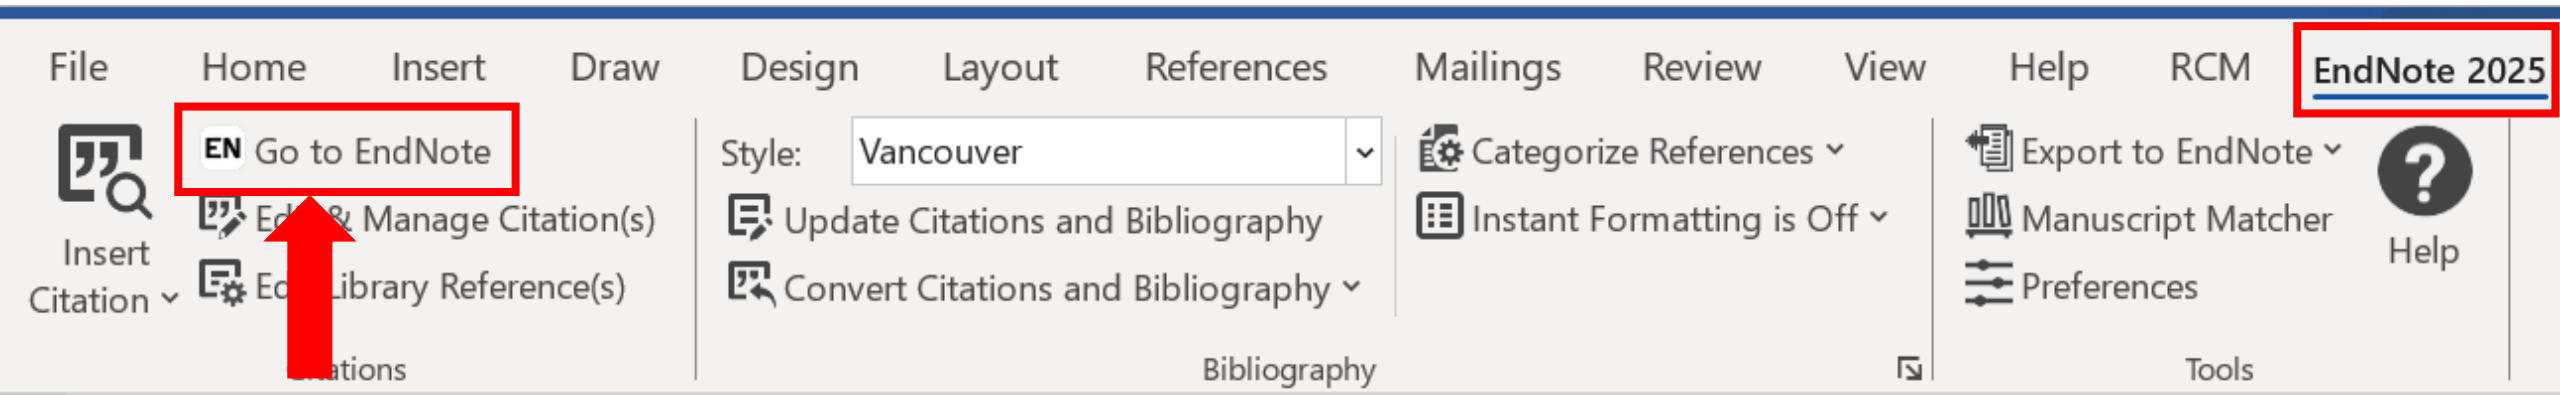

In "CWYW" Word - passare da EN Online a Desktop

The screenshot illustrates the steps to switch from EndNote Online to Desktop within the CWYW (Cite While You Write) mode of Microsoft Word. The following elements are highlighted with red boxes and arrows:

- EndNote Ribbon Tab:** Located at the top right of the Word ribbon.
- Go to EndNote Online Button:** Located in the Insert Citations group on the EndNote ribbon.
- Application Dropdown:** A dropdown menu that appears below the 'Go to EndNote Online' button, showing options: 'EndNote', 'EndNote', and 'EndNote online'.
- EndNote Cite While You Write Preferences Dialog:** A dialog box that opens when clicking the 'Go to EndNote Online' button. The 'Application' tab is selected, and the 'Application' dropdown is set to 'EndNote online'.
- OK Button:** The 'OK' button at the bottom of the preferences dialog.

The dialog box also includes fields for 'Enter Your EndNote Online Subscription' (URL), 'E-mail Address' (daniela.cason@clarivate.com), and 'Password' (masked with dots).

In "CWYW" Word - passare da EN Online a Desktop

Maggiori informazioni sulle novità in EndNote 2025

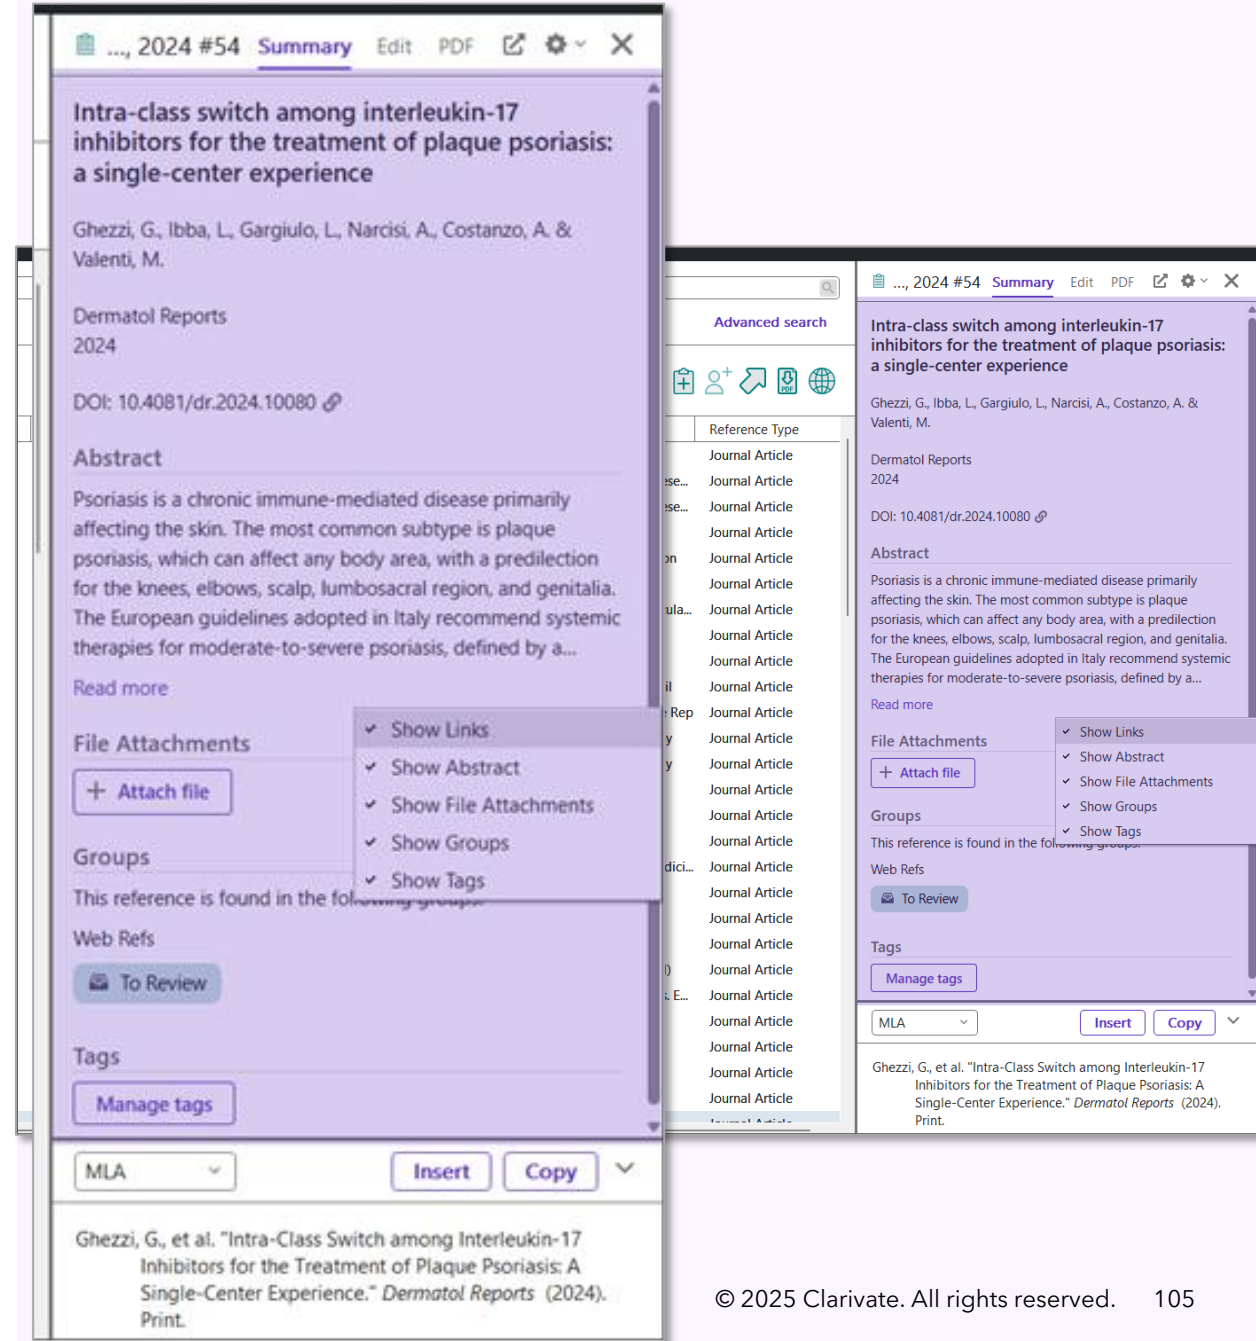

1. Key Takeaway (by Generative AI)
2. Find a Journal in Cite While You Write
3. Cite from a PDF
- 4. Summary Panel Redesign**
5. Web of Science Citing Articles
6. Enhanced Sync process visibility
- 7. Option to use dashes for Pages and Date Ranges**
8. Library details in the Library Status window
- 9. Updates to the Edit tab**

Riprogettazione del pannello di riepilogo

All your reference information—at a glance

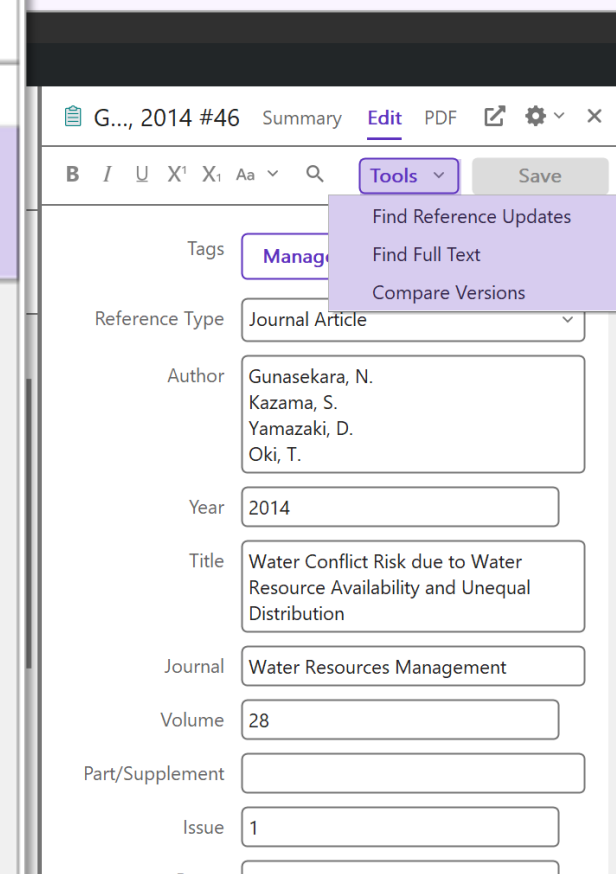

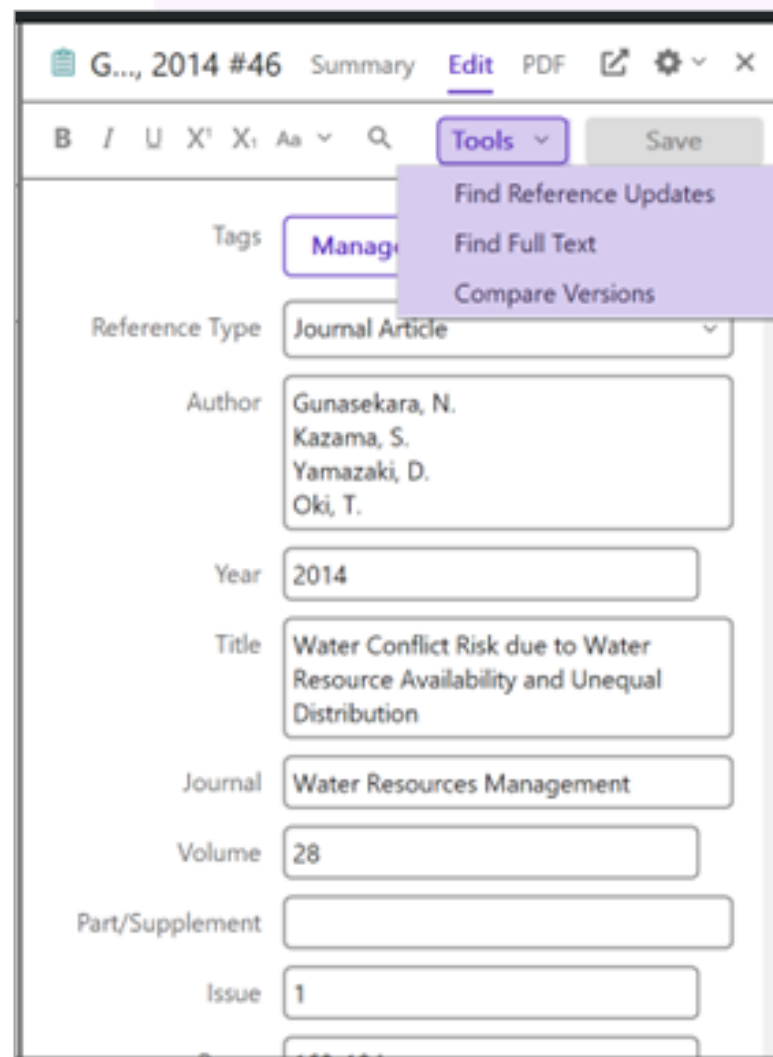

- Unified view: citation, notes, summary, preview
- Fewer clicks to key details
- Cleaner, visual layout

Aggiornamenti delle schede Modifica

Quick Edits. Clear Insights.

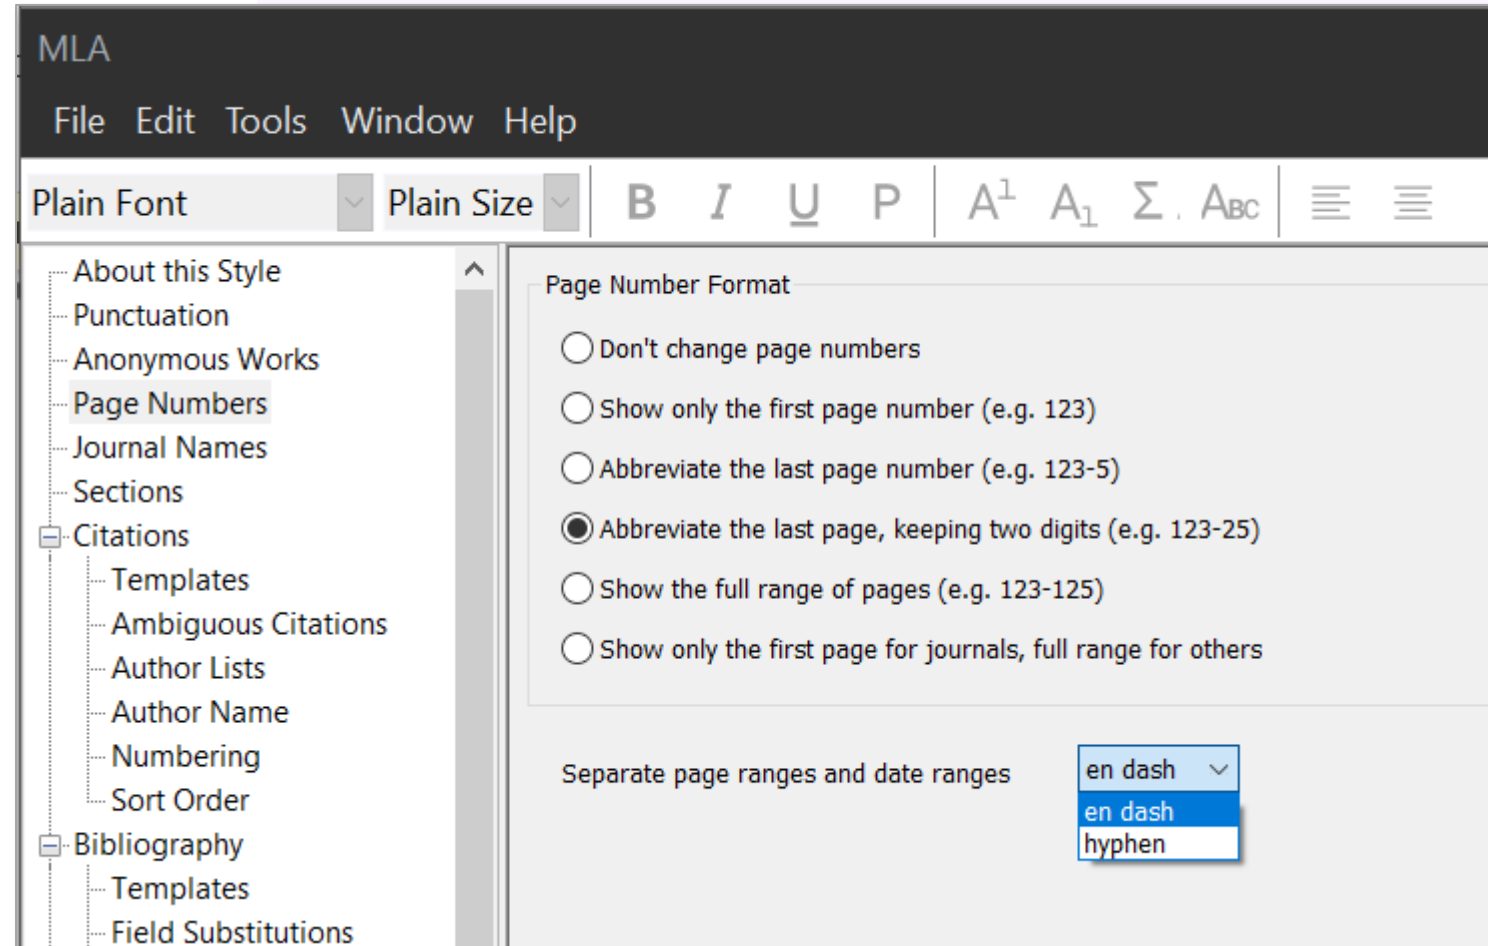

- Cleaner Edit Tab layout
- Easier to update multiple records

Supporto En Dash

Style-Savvy Citations: Hyphen vs. En Dash

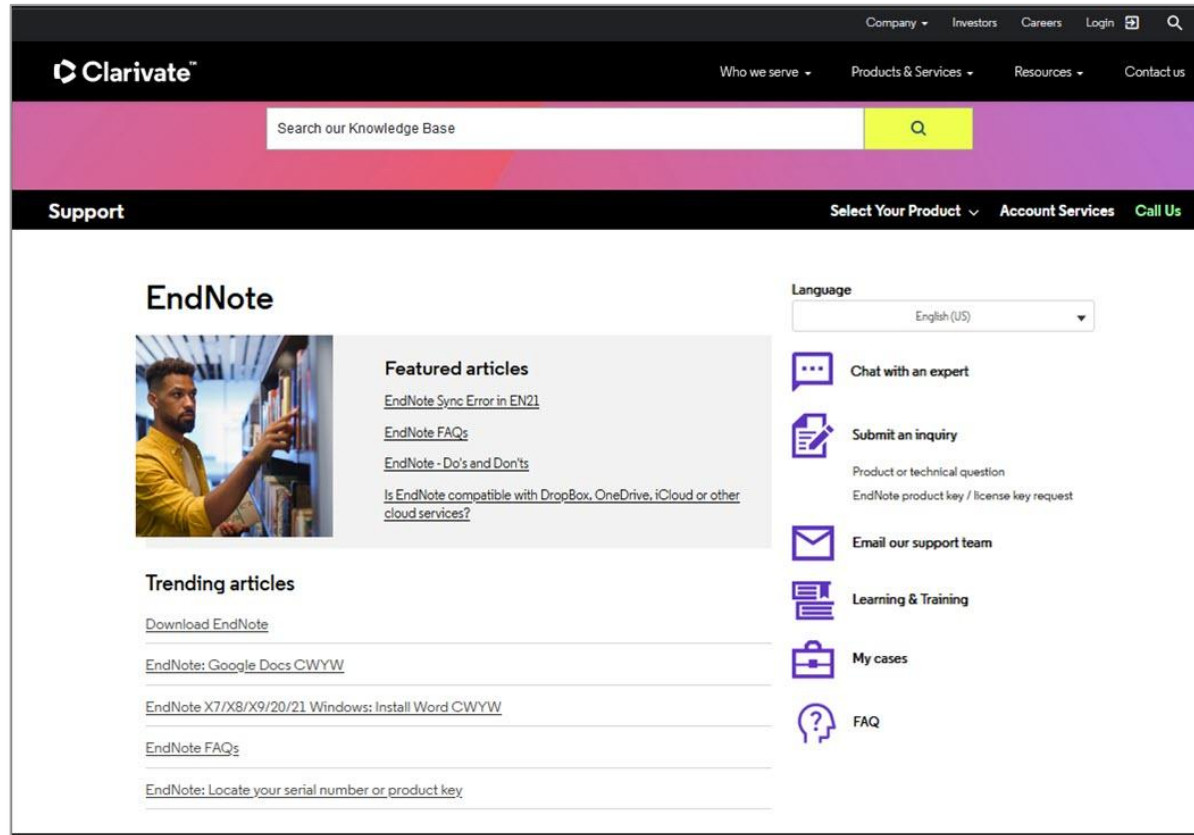

- New dropdown in Output Style Editor
- Choose between hyphen or en dash
- Supports APA, Chicago, and others

RISORSE DI SUPPORTO

EndNote supporto del prodotto

Clarivate ha un team di esperti EndNote disponibili Lunedì - Venerdì, via chat, email, o telefono e dallo **EndNote support portal** per offrire assistenza con domande e problemi.

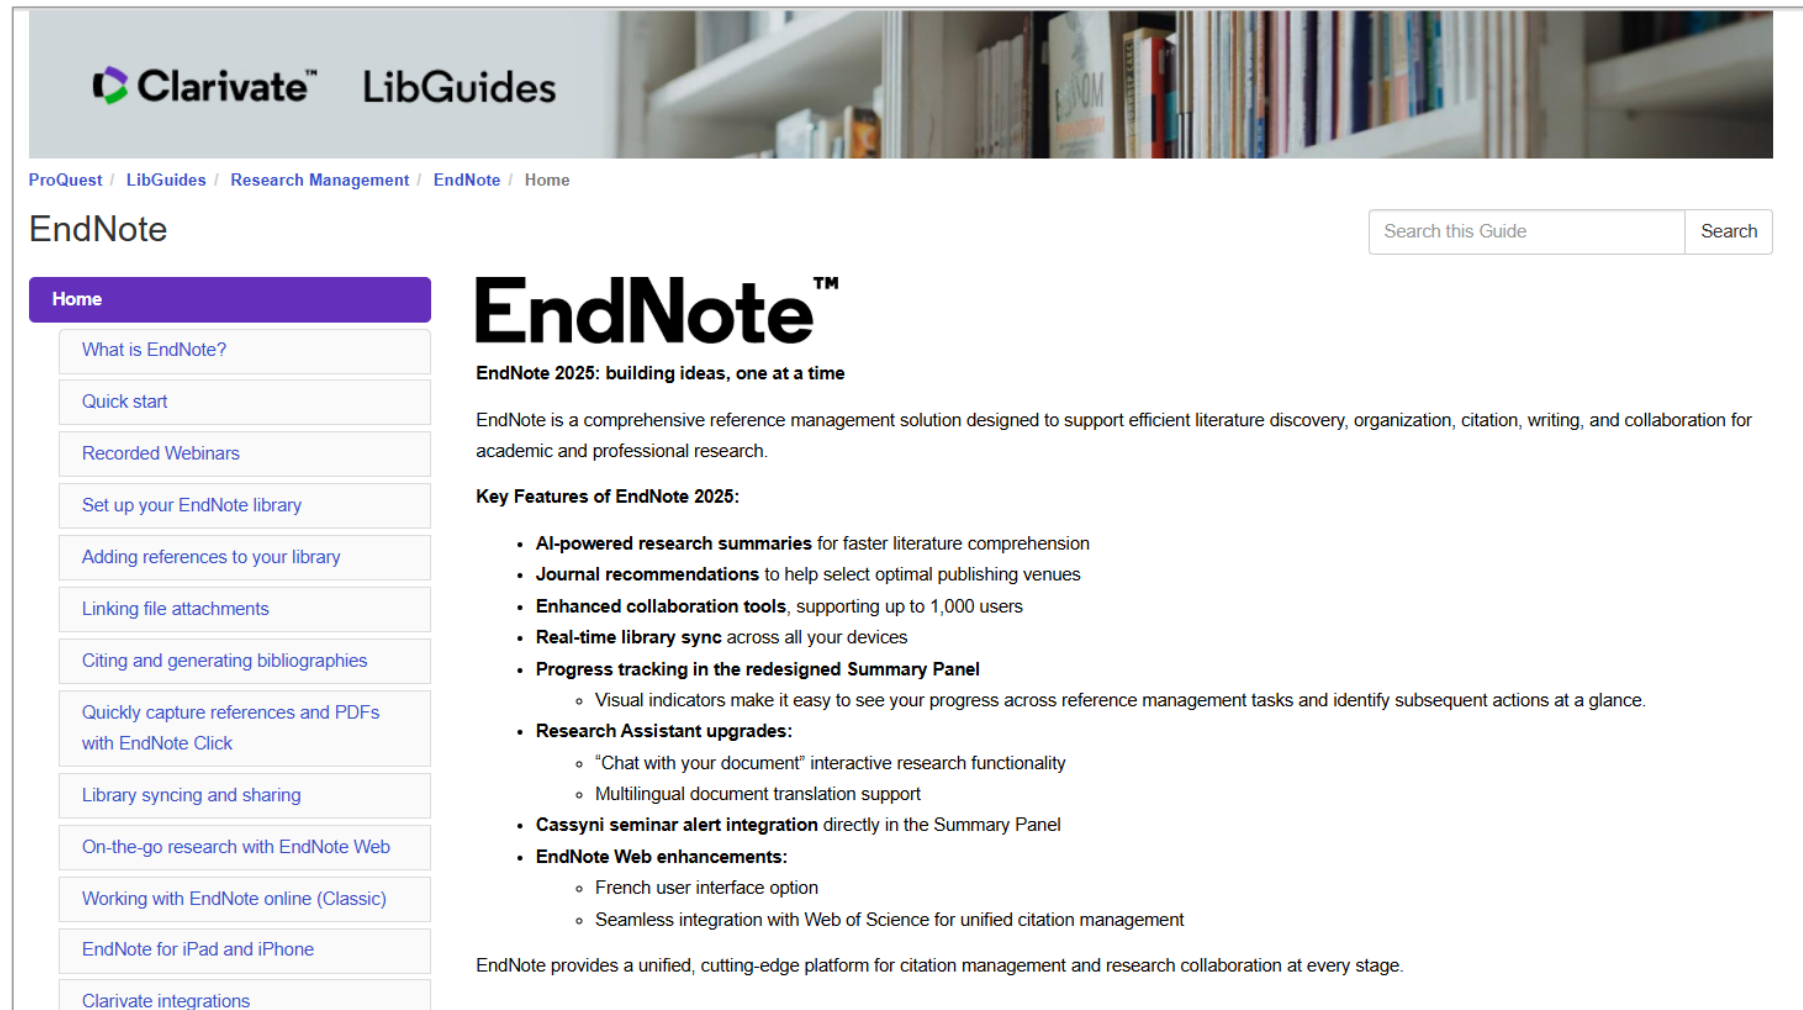

Il **Knowledge Center** contiene dettagliati articoli e guide

<https://support.clarivate.com/Endnote>

EndNote LibGuide

Visitate la **EndNote LibGuide** per trovare moduli eLearning, video tutorials, il calendario dei webinars, quick reference guides e molti altri materiali

The screenshot shows the EndNote LibGuide homepage. At the top, there's a header with the Clarivate LibGuides logo and a background image of a bookshelf. Below the header, a breadcrumb trail reads "ProQuest / LibGuides / Research Management / EndNote / Home". The main title "EndNote" is prominently displayed, followed by the tagline "EndNote 2025: building ideas, one at a time". A search bar is located in the top right corner. On the left side, there's a vertical menu with a "Home" button and several links: "What is EndNote?", "Quick start", "Recorded Webinars", "Set up your EndNote library", "Adding references to your library", "Linking file attachments", "Citing and generating bibliographies", "Quickly capture references and PDFs with EndNote Click", "Library syncing and sharing", "On-the-go research with EndNote Web", "Working with EndNote online (Classic)", "EndNote for iPad and iPhone", and "Clarivate integrations". The main content area features a list of "Key Features of EndNote 2025", including AI-powered research summaries, journal recommendations, enhanced collaboration tools, real-time library sync, progress tracking, research assistant upgrades, Cassyni seminar alert integration, and EndNote Web enhancements. At the bottom, a statement reads: "EndNote provides a unified, cutting-edge platform for citation management and research collaboration at every stage."

EndNote™

EndNote 2025: building ideas, one at a time

EndNote is a comprehensive reference management solution designed to support efficient literature discovery, organization, citation, writing, and collaboration for academic and professional research.

Key Features of EndNote 2025:

- **AI-powered research summaries** for faster literature comprehension
- **Journal recommendations** to help select optimal publishing venues
- **Enhanced collaboration tools**, supporting up to 1,000 users
- **Real-time library sync** across all your devices
- **Progress tracking in the redesigned Summary Panel**
 - Visual indicators make it easy to see your progress across reference management tasks and identify subsequent actions at a glance.
- **Research Assistant upgrades:**
 - "Chat with your document" interactive research functionality
 - Multilingual document translation support
- **Cassyni seminar alert integration** directly in the Summary Panel
- **EndNote Web enhancements:**
 - French user interface option
 - Seamless integration with Web of Science for unified citation management

EndNote provides a unified, cutting-edge platform for citation management and research collaboration at every stage.

Appendice

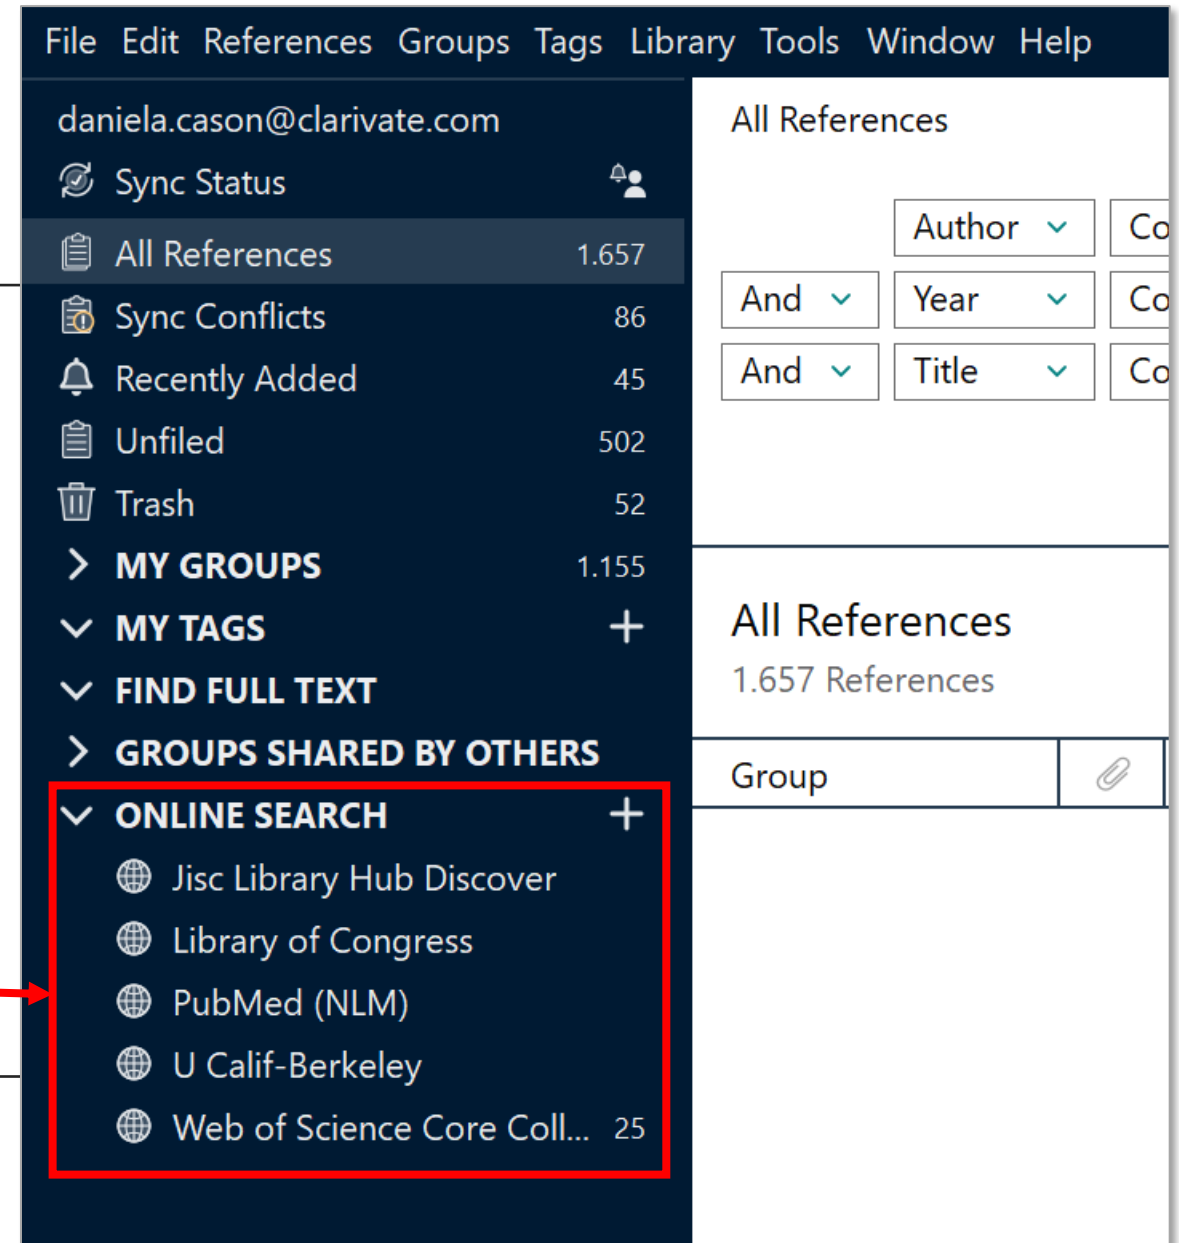

- Importare referenze con la ricerca online
- Eseguire ricerche in singoli gruppi, set di gruppi e nell'intera libreria
- Usare i livelli di classificazione per i riferimenti con colonne personalizzate nella visualizzazione della tabella
- Usare le Terms Lists
- Attivare ed usare EndNote Click per rilevare il pdf degli articoli

Online Search

Online Search

- EndNote's search interface provides a simple way to do basic searches of EndNote Libraries and Online Databases.
- EndNote is able to provide access to these remote sources using the information retrieval protocol Z39.50, widely supported by libraries and information providers around the world. It provides a convenient method to access their library catalogs and reference databases.
- Each service listed in the Online Search group is setup by a **Connection File**

Online Search

- To customize the **Online Search** group and add more services, go to the **Plus** sign. In the opening panel you'll see the entire list of **Connection files** of the different databases.
- In the **Quick Search** box insert the name or part of the name of the service you wish to add.
- Select the desired service in the top window and click on the **Choose** button
- Notice the total number of pre-incorporated connection files.
- More can be added in the **Downloads** site.

The screenshot displays the Clarivate software interface. On the left, a sidebar menu shows the 'Online Search' group expanded, with a red box highlighting a plus sign icon next to it. The main window shows a list of connection files, including 'Global Health (EBSCO)', 'Health Res Premium Collection (PQ)', and 'US Natl Inst of Health'. A red box highlights the 'Health Res Premium Collection (PQ)' entry. A red arrow points from the 'Choose' button in the sidebar to the 'Choose' button in the 'Choose A Connection' dialog box. Another red arrow points from the 'Health Res Premium Collection (PQ)' entry to the 'Choose' button. The dialog box shows a search filter 'health' and a list of connection files. The 'Choose' button is highlighted with a red box. The dialog box also displays file details for the selected connection file, including the file name, creation and modification dates, and a comment.

Searching within PDF file attachments

- Click the **PDF** tab in the Reference Panel to view the attached file
- Select the **magnifying glass** icon to open the Find feature
- Enter a term and use **Next** or **Previous** arrows to navigate the results in the PDF

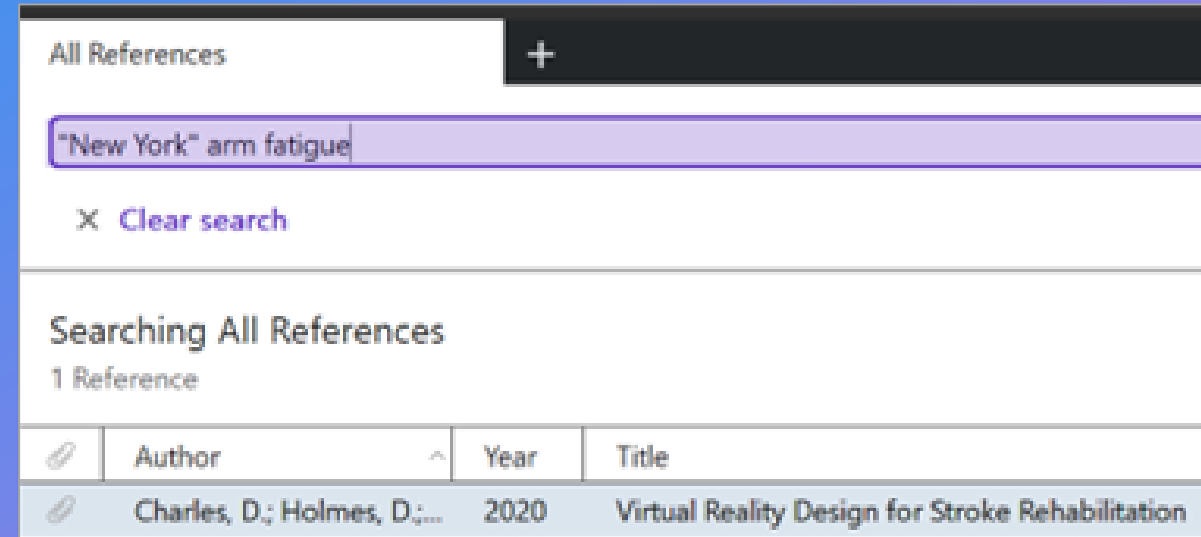

The screenshot shows a PDF viewer interface. At the top, there is a tab labeled 'Kim, 2023 #14' with sub-tabs 'Summary', 'Edit', and 'PDF'. The 'PDF' tab is selected and highlighted with a red box. Below the tabs, there is a search bar with the text 'asthma' and a magnifying glass icon. The search results are displayed on the right side of the document. The document title is 'Kim-2023-Drug-development-from-natural-produ.pdf'. The main title of the document is 'Drug Development from Natural Products Based on the Pathogenic Mechanism of Asthma'. The authors are 'Min-Hee Kim^{1,†}, Chun-Sik Bae^{2,†}, So-Hyeon Bok³, Hyo-Seung Choi⁴, Taeho Ahn², Seung-Sik Cho and Dae-Hun Park^{3,*}'. The abstract is: 'Abstract: Asthma is a chronic inflammatory disease of the pulmonary system associated with wheeze-to-sleep apnea complications that may lead to death. In 2019, approximately 25 million patients suffered from asthma, and 455 thousand died from the disease worldwide. It is a major health problem in children and older adults, and as the aging of society intensifies, it is expected to continue to worsen. Asthma inducers can be classified as indoor and outdoor allergen inducers. There are several theories about asthma, such as the imbalance between Th1 and Th2, inflammation in the pulmonary system, and airway hyperresponsiveness.' The word 'Asthma' in the abstract is highlighted with a red box.

Search your references - Simple Search

- Search your entire library using a single text box, including PDFs and PDF Notes
- Enter words or phrases to perform a full-library search
- The space between multiple terms works as an **implied AND**
- Use double quotes (" ") to search for exact phrases

The image shows a simple search interface. At the top, there is a tab labeled "All References" with a plus sign to its right. Below the tab is a search input field with a magnifying glass icon on the right. To the right of the input field is a link labeled "Advanced search".

The image shows the search results interface. At the top, there is a tab labeled "All References" with a plus sign to its right. Below the tab is a search input field containing the text "New York" arm fatigue. To the right of the input field is a link labeled "Clear search". Below the input field is a section titled "Searching All References" with a subtitle "1 Reference". Below this is a table with the following data:

	Author	Year	Title
	Charles, D.; Holmes, D.;...	2020	Virtual Reality Design for Stroke Rehabilitation

Both Simple and Advanced search can be executed at the single Group level (select the Group before) or at the entire Library level (select All References)

Customize the layout of the reference table

- To fill the added columns with data, select the relevant references, then go to the **Library** menu and select **Change/Move/Copy Fields...**
- In the panel that opens, select the field you need to fill, then add the text in the box below, then click on **OK**

Customize the layout of the reference table

Now the Group column in the table shows the terms just entered, which are indication of the Group name

So when you display All the References, you can identify in which Group each of them are.

Utilizzo delle liste di termini - armonizzazione

Terms Lists

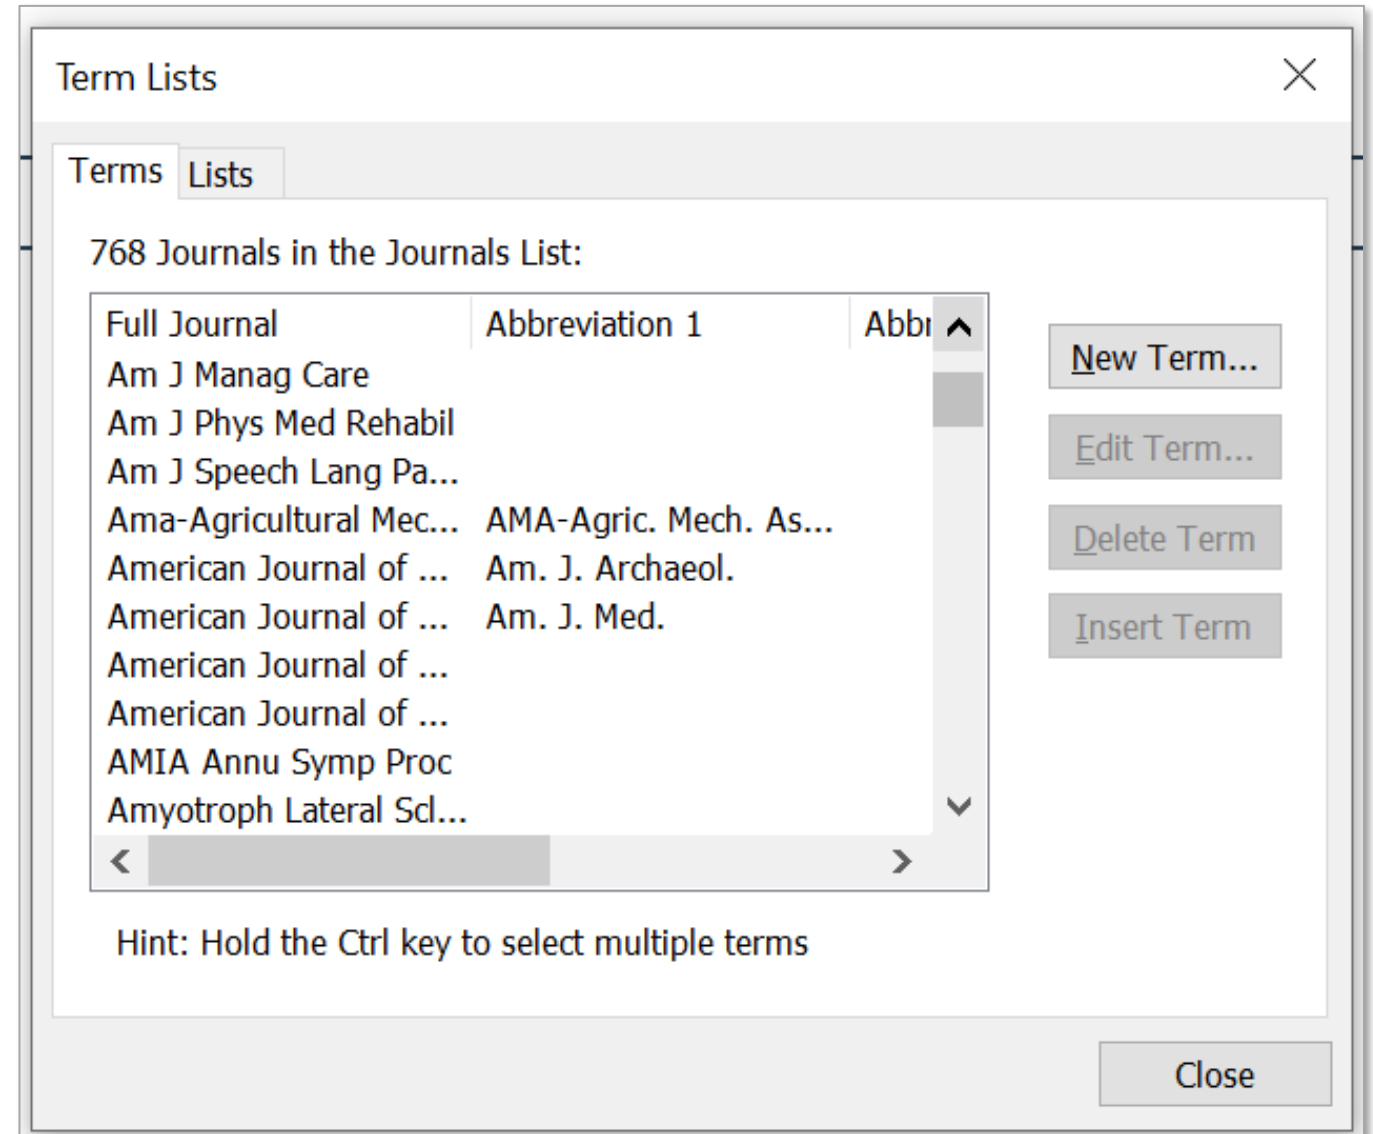

- **Term lists** are used to store terms such as **keywords, author names, journal names**
- The stored terms are used when entering references to improve consistency and accuracy of information in your library.
- **Term Lists are Automatically Maintained** - populated by the data of the references as they are created.

1. **The terms in the lists can be edited**
2. **The lists can be imported or exported,**
3. **Assigned to specific fields**

Abbreviazioni delle riviste

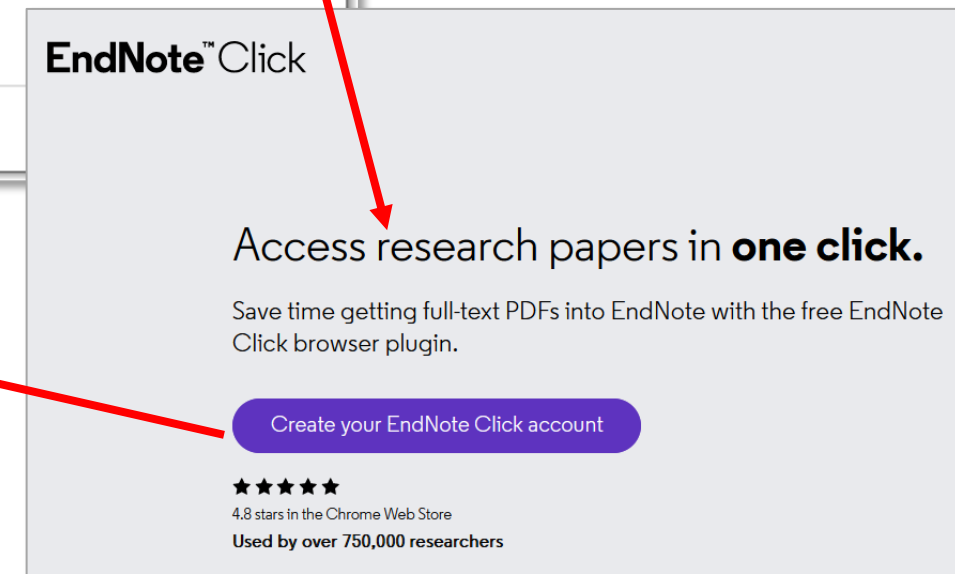

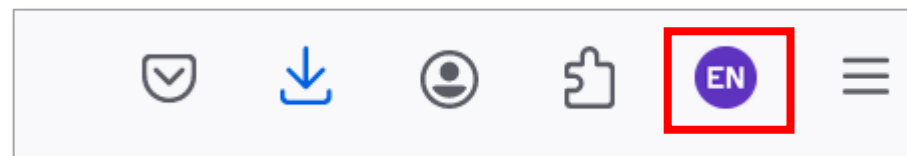

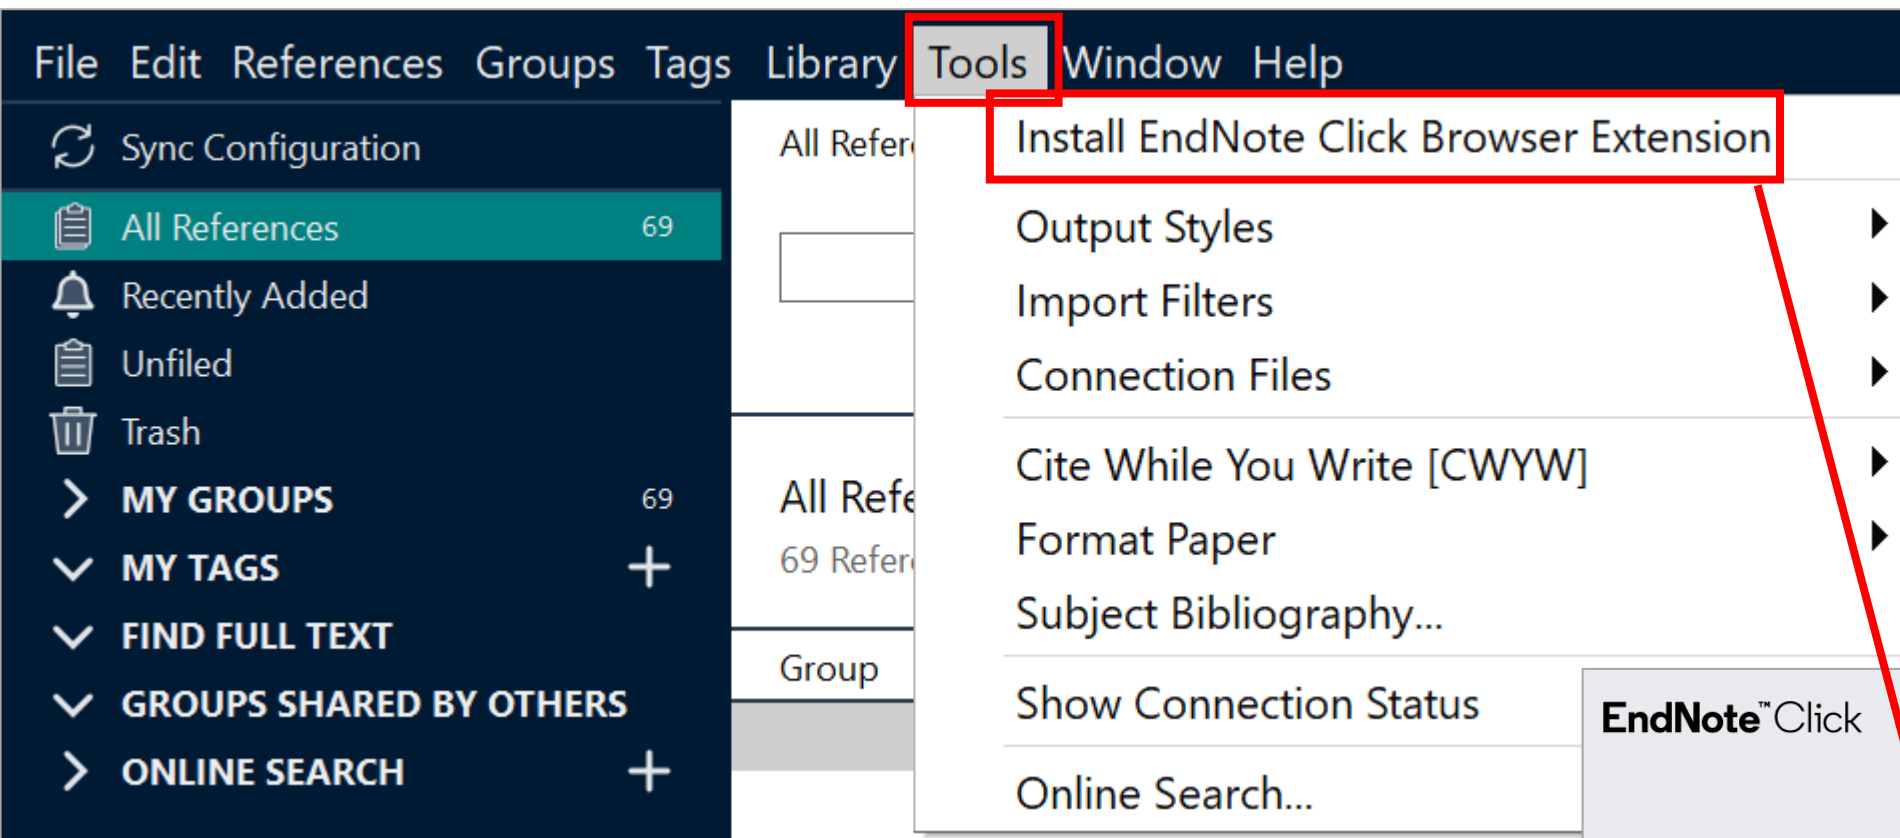

- The Journals Term List option can help to streamline reference/bibliography production
- contains the full journal name plus one or more abbreviations for each journal
- journal names and abbreviations can be added to the list
- can be saved and used in successive reviews to save time standardizing references
- Load Journals Term List when you create a new library

**Activate and use EndNote Click
to detect the pdf of articles**

Use EndNote Click to capture the pdf articles

ORIGINAL ARTICLE

Autism as a Natural Human Variation: Reflections on the Claims of the Neurodiversity Movement

Pier Jaarsma • Stellan Welin

Published online: 11 February 2011
© Springer Science+Business Media, LLC 2011

Abstract Neurodiversity has remained a c
ade. In its broadest sense the concept of neuro
development as a normal human difference.

Have EndNote 2025 open behind:
the export will work smoothly

Opening Jaarsma-2012-Autism-as-a-natural-human-variation.ris

You have chosen to open:

Jaarsma-2012-Autism-as-a-natural-human-variation.ris

which is: RIS Formatted File (435 bytes)
